Edison is site for sr. citizen center

A senior citizens' center for residents of Granite City is to be established next to the former Illinois State Employment Service and Work Incentive Program offices, at 1919 Edison Ave., it was agreed Monday night.

The Granite City Council, meeting Monday night at the town board, voted to accept a 12-month lease for the building at a cost of \$3,600.

Township Supervisor Nelson Hagmeyer was authorized to expend funds for utilities and

Harrison drainage

A proposal to provide storm-water drainage to the Harrison Avenue area near D'Lynn Drive was approved by the Nameoki Township Board of Auditors and Board of Health Monday night.

Both boards voted to call for bids on construction of the drainage line.

A primarily underground system is planned, designed by residents of the area.

The line will be about 500 feet long, with specifications calling for 425 feet of underground pipe. Water is to flow south from Harrison Avenue and then east to a retention pond being constructed by developers of the Northland Estates number 4 subdivision.

From the holding pond, the developers are to force the water through an underground line being constructed along Route 203.

Four catch basins are to be established in the Harrison-D'Lynn area to remove standing water which the township board of health has declared a health hazard. Backyard easements have been obtained from the owners of the six properties involved.

The town board agreed to allow the county to hold a hearing on proposed county zoning changes at the Nameoki Town Hall.

No date has been set. Public hearings must be held in each township in the county before proposed changes can be implemented.

The proposed changes will be detailed in newspapers prior to the hearings, it was noted.

A letter from Supervisor Louis Whitsell to Township Attorney Nick D. Vasiloff was read. Whitsell suggested preparation of a contract with the R. W. Boker Co. for construction of an addition and improvements to the Nameoki Town Hall.

The auditors authorized the supervisor to sign the contract when the document is completed.

A resolution was approved to allow town auditors per diem checks for meetings missed due to hospitalization, illness requiring a doctor's care or shift work.

A previous resolution allowed the auditors to miss only two meetings per year, after which per diem pay was halted for

(Continued on Page 4)

maintenance of the building during the year.

Hagmeyer addressed the board, saying, "We have had a number of senior citizens groups talk to us. There are 10 to 12 senior citizens' groups meeting in many places."

"We feel we should give them a place downtown close to where they can do their shopping, and the buses are here. I think our senior citizens are entitled to this," Hagmeyer said.

He explained that the building will be remodeled, and said senior citizens will be allowed to plan and conduct their own programs in and from the new building.

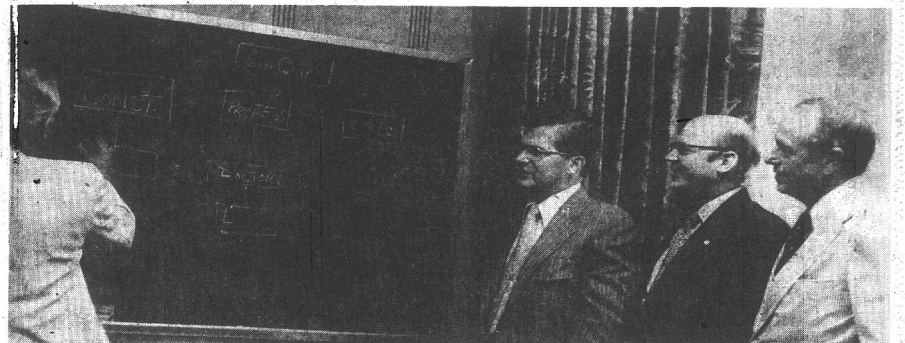

"It's something we have needed for a long time and it's at no cost to property taxpayers," he said, explaining that the rent, utilities and maintenance all will be financed by federal revenue sharing.

He said the building is being leased for one year because "we hope in one year that we could move into our new town building."

The township is demolishing the former Central School at 21st Street and Delmar Avenue and plans to construct a new township building immediately afterward on the site. Shared revenue also is to be used for that undertaking.

The resolution authorizing lease of the new center for senior citizens was placed on final passage and was approved unanimously by the town board (aldermen).

(Continued on Page 4)

MAKING UNITED WAY PLANS for their divisions for the upcoming campaign are three newly announced division chairmen. They are Bob Gobert (second from left), Construction Division; Melvin C.

Wilmsmeyer (third from left), Professional Division; and Robert Edmonds (right), Civic Division. Working on a campaign organizational chart, back to camera, is United Way Executive Director S. T. "Pete" Nasir.

Boyd joins port board

Clyde W. "Bus" Boyd, 43, a Granite City alderman for the past 13 years, was appointed Monday night as a member of the Tri-City Regional Port District board.

The appointment of Boyd by Mayor Paul Schuler was confirmed by the City Council.

Boyd, 2231 Benton St., is a staff representative of the United Steelworkers of America, based at the Granite City subdistrict headquarters.

He served last fall as co-chairman of the Industrial Division of the Tri-Cities Area Unit 4 Way campaign.

Boyd was one of those named last for mayor in the 1969 city primary election.

Boyd is one of the two aldermen of the Third Ward.

A lifelong Granite Cityan who served in the Navy from 1950 to 1954, he has been active in such groups as the Emerson PTA, American Legion, Moose, Veterans of Foreign Wars, First Presbyterian Church and Tri-City Trades and Labor Council.

A past president of the United Steelworkers Local 67, Boyd has served in many fund drives and in labor and municipal programs and leadership positions.

He worked at Granite City Steel from 1948 until 1964.

He is a graduate of Granite City High School and USAF courses of the U. S. Navy and is educational coordinator of United Steelworkers with the University of Illinois and advisor to Southern Illinois University Labor Education.

Boyd served on the Sanitation, Civil Defense, Fire and Water, Police and Planning and Zoning committees of the city.

He has served as Granite City chairman of March of Dimes industrial workers; been active in the Thirty-Minute Club of Granite City Steel; Cold Strip Joint Committee and vice-chairman of the Joint Committee; and trustee from 1956 to 1960.

He has been a director of the Granite City Steel Employees

CLYDE W. BOYD

Federal Credit Union, and a Democratic precinct committeeman.

Boyd is married and has one daughter.

Mayor Schuler said he is appointing Boyd to the Port District board for the period of July 1974 to June 1977.

Boyd replaces Harold E. Hiltner, a member of the board since 1968.

Other Port District commissioners are John N. Belloff, president; Avery Schermer, treasurer; and Henry D. Karandjoff, Homer Huber, Von Dee Cruise and Walter T. Simmons.

Expansion at Madison Bank

Andre N. Gitcho, president, First National Bank in Madison, announced today that the bank will soon begin construction of expanded drive-in banking and parking facilities at 600 Madison Ave.

The expanded facilities will

in the drawing) and to substantially expand parking space. The present bank building is at the right.

United leaders

Three more division chairmen for the upcoming Tri-Cities Area United Way campaign have been announced by the general campaign chairman, George Pullanas. They are: Melvin C. Wilmsmeyer, president, First Granite City National Bank, Professional Division of the drive.

Bob Gobert, chief engineer, Granite City Steel, Construction Division of the drive.

Robert Edmonds, retired Granite City Steel executive and metropolitan area director, National Alliance of Businessmen, who will head the Civic Division.

Pullanas, who is vice president-administration of Granite City Steel, said he believes the three men will be valuable team members in the October fund drive.

"With experienced, able leaders like these heading up the three divisions, we are building a strong team that will do its utmost to raise the \$425,000 needed by the United Way agencies," he said.

"All three assure me they have already begun organizing their divisions and have met with their group leaders to discuss solicitation plans for each division."

The official campaign kickoff is scheduled for Oct. 1, with the drive to continue through the month. It will help finance the 1975 operations of member agencies.

Crossing signals studied

A plan for financing crossing signals or gates at the Lake Drive and Mockingbird Lane crossings in Nameoki Township was presented to the Nameoki Township Board of Auditors Monday night by township Highway Commissioner Albert Bell.

Bell said he has studied a case in Godfrey Township in which the state paid 70 per cent of the cost with motor fuel tax funds. The township paid 20 per cent and the railroads financed the remaining 10 per cent, he told the auditors.

Bell presented copies of correspondence and other documents used in obtaining the Godfrey Township crossing lights to Nameoki Township Attorney Nick D. Vasiloff, for study to determine if a similar plan could be used here.

"I have no estimate of the

cost," Bell said.

He added that only one set of railroad tracks was crossed in Godfrey Township, while three sets of tracks have to be crossed at both locations here.

The township has long sought crossing warning signals or gates at Mockingbird Lane, and a joint effort to obtain signals at Lake Drive was initiated between Nameoki Township and Ponton Beach after a young woman was killed there in a crossing accident July 4.

State Rep. Horace Calvo (D-Granite City), attorney for Ponton Beach, and State Sen. Sam Vada Labene (D-Edwardsville), both have joined the fight to convince the Illinois Commerce Commission that warning lights or gates are needed at the Lake Drive crossing.

Study impeachment

A flurry of Watergate-related developments yesterday saw the U. S. Supreme Court rule 8-0 that President Richard M. Nixon must obey a court order to give prosecutors 64 taped conversations, the President agreed to do so, and the House Judiciary Committee begin public sessions leading to an expected impeachment vote.

The two Illinois congressmen on the committee, Robert McClory and Thomas R. Sullivan, indicated they are leaning in opposite directions, reluctantly.

McClory and Sullivan said they are leaning in opposite directions, reluctantly.

Railsback, indicated they are leaning in opposite directions, reluctantly.

Basic allegations are that Pres. Nixon obstructed justice, abused the power of his office

Kerner resigns

Former Illinois Gov. Otto Kerner resigned Wednesday as a 7th U.S. Circuit Court of Appeals judge. The first federal judge ever convicted of a felony, he is to begin a three-year prison term Monday for conspiracy, mail fraud, tax evasion and perjury.

Grassroots Government

Ponton Village Board 7:30 p.m. today, July 15, at Village Hall.

Granite City Park Board 8 a.m. Saturday, July 27, at Wilson Park.

Chouteau Town Board 7 p.m. Monday, July 29, at 825 Thorngate Drive.

Venice Town Board 7 p.m. Monday, July 29, at Fifth-Madison.

Simpson boy dies

James Bradley Simpson, 34-year-old son of Mr. and Mrs. Jack C. (Constance Macio) Simpson, 10 Hanson Drive, Arlington Heights, died Monday afternoon at St. Louis Children's Hospital, where he had been a patient for three days.

He was born in Granite City.

Other survivors include brothers, Edward E. and Lawrence W. Opich and Glen A. Simpson; two sisters, Rochelle E. Opich and Karen L. Simpson; grandparents, Mr. and Mrs. Walter Macios of Madison and Mr. and Mrs. Guy Simpson of Granite City; and his great-grandmother, Mrs. Julia Macios of Madison.

The funeral took place today at the Sacred Heart of Jesus Church, 1000 N. Calhoun St., in Madison.

JAMES B. SIMPSON Arrangements are given in the obituary column.

MADISON BANK EXPANSION which is being announced today. The First National Bank in Madison is acquiring the entire 600 block of Madison Avenue to install new drive-in banking facilities (shown at the left

News notes

With several Illinois construction firms convicted of rigging bids on Illinois road projects, the state is considering imposing administrative penalties against them.

The Senate passed 77-19 and then forwarded to the President a bill to put the federal program of legal aid to the poor under an independent government corporation.

U.S. Senator Edmund S. Muskie is to head a powerful new Senate Budget Committee.

The Illinois Racing Board voted 4 to 1 in Chicago to deny an application for pari-mutuel betting during the Illinois State Fair. Five days of harness racing, including legalized wagering, had been proposed to start Aug. 12 in Springfield. No betting has been proposed by the DuQuoin Fair, whose harness racing includes the world-acclaimed Hambletonian Aug. 28.

Lt. Gov. Neil Hartigan's attorney has charged that a federal agency was politically motivated in charging Hartigan with mismanagement because he was a director of a Chicago savings and loan association that later closed after a "run" on its deposits. He is accused of failing to attend meetings and failing to "uncover unlawful conduct" by officers of the firm.

Cameron West, executive director of the Illinois Board of Higher Education, will decide by July 29 whether to accept the presidency of the Association of Independent North Carolina Colleges.

Hog judging
The Madison County Pork Producers Association is again sponsoring a live hog evaluation and carcass show. This year's program is to be held at the Madison County Fairgrounds in Highland Monday, July 29, at 8 p.m. All Madison County farmers who raise hogs are being encouraged to participate in the show either by entering gilts and/or barrows or by practicing their judging skills on the other animals entered.

Gilts and barrows must weigh between 200 and 240 pounds at weigh-in time to be eligible. In addition, to place dressed, the carcasses must meet the minimum requirements of being 29 inches long with a loin eye area of at least 4.5 square inches and maximum back fat of 1.5 inches.

There will be an adult class and a junior class for 4-H and Future Farmers projects. Trophies and premiums will be awarded. The show is described as an educational experience for everyone, and one need not raise hogs to benefit from it, a spokesman said.

A market expert will discuss the animals. Further information is available from the Pork Producers Association or Dale Law at the County Agriculture Extension office in Edwardsville.

Nameoki Town health inspector says she is planning to resign

Mrs. Helen Hawkins, health inspector for Nameoki Township and an announced political opponent of Nameoki Township Supervisor Louis Whitsett for Whitsett's District 26 Madison County Board seat in November, said Tuesday she will resign her township post.

Mrs. Hawkins said she believes she was the topic of a closed executive session of the combined Nameoki Town Board of Auditors and the Town Board of Health following Monday night's town board meeting.

During the public meeting prior to the closed session, Mrs. Hawkins asked the board to show her "the courtesy" to allow her to resign, rather than fire her.

Although it was not revealed whether the meeting dealt with her, Mrs. Hawkins said Tuesday that she wishes to complete some projects she has started before resigning.

"I probably will be out of this office by Aug. 15," she predicted.

She said she wants to follow up on some drainage complaints, see some weeds cut and wait for action on some health notices she has sent to people.

She added that she is sorry she has been unable to respond to many health complaints, but said she does not think township employees were advancing

messages to her from some of those who called the town hall with health complaints.

Mrs. Hawkins also responded to a letter which was read at the Town Board meeting. She said she felt the letter was written for political motives.

She said she tried to help the family of the letter writer. "I've done everything I could to help them. I tried, but I wasn't able to do what I wanted to," she commented.

The letter, from a township resident, praised Whitsett and criticized Mrs. Hawkins. It alleged inaction on having weeds cut and on ending health

hazards.

Mrs. Hawkins asked the board Monday night for a copy of the letter and was told that if she wanted it for political purposes, she would have to pay 10 cents for a copy, the same as any township resident pays to have a page copied.

She said she wanted the letter in her capacity as health inspector.

Attorney Nick D. Vasiloff ruled that if the letter was for her work, it should be free, but if it was for political reasons, she should pay 10 cents for it.

The board voted to allow her a free copy, after which Whitsett said he did not feel it was a health complaint, but rather a complaint against the health officer.

At another point in the meeting, Whitsett commented

Independents' filing to open

An eight-day filing period will open Monday for independent candidates who wish to run for Madison County Board seats in the Nov. 5 general and county election.

Democratic and Republican nominees for the board were selected in March. Independent candidates must file by Aug. 5.

Falls under car

Tim Newton, 6, of 3910 Kirkpatrick Homes, was hurt when his bicycle fell behind an auto which was backing in an alley near 2600 Kirkpatrick Homes at 9:40 p.m. Tuesday.

The boy said a car tire ran over his left foot.

Thomas Carney, 120 Douglas Place, Mitchell, said he did not know if his auto struck the bicyclist.

The Newton boy was taken to St. Elizabeth Hospital, where he was treated for an abrasion to his left foot and was released.

SUMMERTIME TRAINING. Airman John Rozycki of the 157th Tactical Control Squadron, Missouri Air National Guard, is shown doing his part in a large joint Army and Air National Guard exercise, Sentry Guard Strike Five, at Camp McCoy, Wis. The week-long exercise involves over 5,000 Guardsmen from 13 states. Rozycki resides at 1701 Elizabeth St., Madison, with his parents, Mr. and Mrs. Steve (Laura) Rozycki. He is employed as a draftsman for the Missouri-Pacific Railroad.

Levies total \$347,416 for Nameoki Township

Tax levies for 1974 (collection in 1975) were given final approval by the Nameoki Town Board of Auditors Monday night.

The auditors levied \$116,456

for town fund purposes and \$51,960 for general assistance. Tax rates are to be prepared by the Madison County clerk when levies are applied to the assessed valuation of the

township.

Also approved was a levy of \$200 for road and bridge purposes, to be raised by a rate of up to 16.5 cents per \$100 assessed valuation, and a levy of \$70,000 for the special hard road fund at a rate of up to 16.7 cents.

A \$10,000 special bridge levy was approved for the final township payment on a joint county-township bridge constructed in State Park Pls.

The rate is to be set by the county clerk.

Bills approved by the auditors included \$4,400 from the road and bridge fund, \$3,659 from the road and bridge fund, \$22,073 for general assistance and \$270 from the special revenue sharing fund.

Auditor Eugene Gargac asked if a \$20,000 tax anticipation warrant for general assistance had been paid, and was told a check for \$20,506, including interest, had been submitted for payment.

A \$5,000 transfer made earlier from revenue sharing into general assistance will be returned to revenue sharing when the next general assistance tax check is received, it was reported.

Auditor Norman Hessler, chairman of the finance and auditing committee, reported that an audit has been completed of all township books for the past three months and no significant errors were found.

Nameoki tree limb collection resumed

An environmental cleanup program, similar to one conducted last year, has been resumed by Nameoki Township, using federal revenue sharing funds.

Albert Bell, township highway commissioner, said his department began the program last week under a promise from the town board of auditors that a contract for the work would be signed in the near future.

The Town Board of Health and Town Board of Auditors signed the agreement Monday night, appropriating \$35,000 in revenue sharing to the highway department for the program.

Bell said he had declined to begin the program sooner only because his department was behind in its road repair duties due to a recent strike. Reports he would not start before receiving a signed contract were in error, he said.

The program is beginning only with tree limb pickups throughout the township.

Later, it will be expanded to provide regular pickup dates for tree limbs and other debris for large items, Bell said.

A schedule of pickup dates for limbs and large items will be presented in the Press-Record prior to initiation of the program.

He said the \$35,000 probably will not allow his department to continue the program throughout the fiscal year, but he pledged, "We will stretch that out as long as we can."

He said the program cost \$33,000 in the last fiscal year and was in operation only from August 1973 through February 1974, a period of less than seven months. With rising costs, it is anticipated that the period may

be even shorter this year, he speculated.

In addition to approving the environmental cleanup contract Monday night, the board of auditors heard complaints on two streets which were in disrepair.

Bell told residents of those streets that his department is working on the roads and that the holes will be repaired as soon as possible.

The auditors approved the appointment of Irene Karlechik as deputy collector at the suggestion of Collector Richard Peck.

A letter from Mrs. Helen Hawkins, township health inspector, to an Angela Drive resident was read. It informed the resident that Earl Angle had donated his time to cut noxious weeds along the street.

Township Supervisor Louis Whitsett told the board that the compressor in the air conditioning unit at the town hall is breaking often, and asked whether a new air conditioning unit may be included in a program to expand and remodel the town hall.

That program is to begin in the near future.

Township Attorney Nick D. Vasiloff suggested a separate contract be prepared for the air conditioner for both the new sections and old parts of the town hall.

Information on the status of a condemned house on Roberts Street, prepared by Jack Clifford, county zoning inspector, was referred to the attorney for study.

The auditors asked the attorney to complete legal work for demolition of the house as soon as possible.

Rev. Brown is ordained

The Rev. Donald Brown of First Baptist Church, Livingston, Ill., formerly of 2209 Elm Ave., Granite City, was ordained as a Southern Baptist minister Sunday afternoon.

The ordination took place at Grace Baptist Church, where Rev. Brown and his wife, Sandra, and their three children, Pamela, Donna and Carol, attended before he accepted the pastorate in Livingston.

The Rev. Bill Duval, pastor of Grace Baptist, officiated.

The ordination began with a council of ordained ministers and deacons of churches in the Madison County Baptist Association and the Alton Industrial Baptist Association questioning Rev. Brown.

Afterward, special music was sung by Bill Ellsworth, accompanied by his wife, Marge, at the piano.

Rev. Duval brought a special message directed to Rev. Brown and his church, and ordained men placed their hands on him and gave the prayer of ordination.

Rev. Brown was presented with a Bible and a certificate of ordination by Grace Baptist Church and a gift certificate from the Baptist Book Store by his church in Livingston.

Wm. Smith, retired Venice police lieutenant, succumbs

William George Smith, 67, of 743 Broadway, a retired Venice police lieutenant, died at 9:05 p.m. Monday at St. Elizabeth Hospital.

He had been ill for 10 years and a patient in the hospital for four weeks.

Born in Evanston, Ind., Mr. Smith had resided in the Quad-City area for 60 years.

He was a member of St. Mark's Catholic Church, Venice, and the Madison County Police Association and Illinois Policemen's Benevolent Association.

Mr. Smith retired nine years ago after 21 years of service with the Venice police department.

Survivors include his wife, Blanche; two sons, William R. Smith of Granite City and Philip L. Smith of Collinsville; a daughter, Miss Phyllis Smith of Venice; two sisters, Mrs. Hazel Swigert of Collinsville and Mrs. Arthur Schmitt of New Douglas, Ill.; and one granddaughter, Cynthia Smith.

Funeral arrangements are given in the obituary column.

FIRE DAMAGES HOME

The Mitchell fire department answered a call to the home of Stanley Lucas, 736 Ashland St., at 2 a.m. Sunday. A spokesman said damage was extensive to the interior of the home.

North Plant dock structure going up

The metal framework has been erected for a new receiving and loading docks area on the northeast side of the Granite City Steel North Plant building.

A company spokesman said yesterday that a roll former has

been moved from the cold strip area to a spot adjacent to the North Plant's number six galvanizing line.

The new dock area will be used to handle rolls from the new roller as well as normal North Plant shipping and receiving.

The spokesman said the new dock is part of a larger plan for modifying the National Steel Corp. system, of which Granite City Steel is a division.

\$6,000 FIRE DAMAGE

Firemen fought a blaze for more than one hour Tuesday at the home of Wallace Angle, 2715 Buxton Ave. It began at 6:12 p.m. The frame home, owned by Leroy Smith, had an estimated \$3,000 in damage and another \$3,000 loss to its contents.

Pedestrian struck

Ricky Greenman, 21, of 2307 August Ave., was injured when he was struck by an auto at Route 111 and State Aid Route 35 Monday.

Greenman went home and later called for an ambulance to take him from there to St. Elizabeth Hospital. He was admitted with multiple bruises and injuries, but was released this week.

PIGS IN A BLANKET are shown being prepared Wednesday for the Sacred Heart Polish National Catholic Church, 930 Reynolds St., Madison, annual Polka Festival, which begins at 4 p.m. Friday. From the left, clockwise around the table, are Mesdames Ann Bieneniecki, Bertha Macios, Stella Camper, Jane Wyatt, Pat Krinski and Eleanor Bargiel. The festival will continue until midnight Sunday. A wide variety of food dancing and games will be featured. Several thousand area residents are expected to attend.

Begin repair of break in main Venice sewer

Repair work on the main 48-inch sanitary sewer line which collapsed near Main Street and Bremen Avenue, Venice, is beginning this week, Mayor William "Mike" Ebersold announced at a Venice City Council meeting Thursday night.

The council met briefly at City Hall and then adjourned until 7 p.m. Friday, when it will consider the city budget for the fiscal year of May 1, 1974, to April 30, 1975.

In a discussion on sewer breaks in Venice, which now number 16, it was reported that no additional federal funds have been granted so far, but a review of the entire situation, currently is being made by federal government representatives.

Mayor Ebersold reported that three officials came to Venice to review sewer conditions and that they will file a recommendation after a study

of the entire Quad-City area. A construction drivers' strike delayed repair of the sewer lines.

The McKinley Bridge traffic report for June showed an average of 7,867 vehicles per day crossed the bridge. The monthly total was 244,022.

A treasury report for June was approved.

Total receipts for the general fund in June were \$12,367 and disbursements were made in the amount of \$57,352.

Laclede Steel stock split; facilities to be expanded

Laclede Steel Co. announced yesterday a four-for-one stock split and plans for a major expansion of steelmaking facilities.

President Paul B. Akin said the first expansion step probably will include a third electric arc furnace and a new blooming mill.

"We are convinced the current steel shortage will be with us for a long time," he said.

The stock split is in the form of a 300 per cent stock dividend, increasing common stock to 1,650,000 shares.

Stock has reached \$101, compared to \$35 on May 1, apparently due to an earnings upturn and also acquisition moves by Ivaco Industries of Canada. Ivaco has increased its Laclede shares from 31,000 to 50,620, or about 12 per cent.

Consumers, weather key to future price of meat

Consumers and the weather hold the key to future meat production and prices, Harold B. Steele, Illinois Farm Bureau president, said Tuesday.

Steele spoke to news media representatives at a series of fly-in news conferences held at airports in Chicago, Peoria and East St. Louis.

Pointing out that retail meat prices are now at more attractive levels, Steele said increased consumer meat purchases would be a meaningful signal to the livestock farmer that increased production would find a market.

He said farmers themselves are actively encouraging retail meat purchases, stressing that "meat is good and the price is right."

Weather conditions, as well as consumer purchases, will have an important bearing on future meat supplies and prices, Steele said.

"Both consumers and farmers have a great stake in weather and crop conditions in the next few months," the Farm Bureau president said.

"We thought just a couple of months ago that bountiful harvests would result in increased grain production, somewhat lower feed costs, and ultimately lower priced meat."

However, weather so far has played havoc with this

projection. If crops of corn and soybeans turn out to be substantially less than earlier expected, this will tend to drive prices up.

"Higher crop prices usually mean higher feed costs and that means the livestock farmer needs to get more for the cattle and hogs he sells in order to stay in business."

If weather and economic conditions make it appear to the livestock producer that his future operation would be unprofitable, he will tend to cut back on his breeding herd or get out of the livestock business altogether, Steele said.

"If there is more than usual liquidation of breeding herds this summer and fall, meat prices will increase mightily."

But if weather and economic conditions make it appear to the livestock producer that his future operation would be unprofitable, he will tend to cut back on his breeding herd or get out of the livestock business altogether, Steele said.

"If there is more than usual liquidation of breeding herds this summer and fall, meat prices will increase mightily."

But if weather and economic conditions make it appear to the livestock producer that his future operation would be unprofitable, he will tend to cut back on his breeding herd or get out of the livestock business altogether, Steele said.

ASSIGNED TO AIR SCHOOL IN TEXAS

John F. Presley, son of Mr. and Mrs. James Presley Sr., 620 Barkley St., has been assigned to a technical school at Sheppard Air Force Base, Wichita Falls, Tex.

He has just completed six weeks of basic military training at Lackland Air Force Base, San Antonio, Tex., where he received medals on national defense and honor squadron.

Airman Presley enlisted in the Air Force in March and began his tour of duty May 21. He is a graduate of Granite City High School and attended Southern Illinois University at Edwardsville for one year and Belleville Area College for two years.

He took flying lessons at Parks College, Cahokia.

He has been home on a five-day leave visiting his parents and other relatives.

PARK OUTING FOR HILLS TERRACE CLUB

Hills Terrace Birthday Club members and their children held an outing at Wilson Park on Thursday. The birthday of Carol Buford was celebrated. Those attending were Mrs. Alma Walk, Jeri Scheib, Marie Kostoff and children, Dawn and Joey, Florence Penrod and son, Lonnie Dale, Peggy Willard and daughter, Marla, Carol, Buford and granddaughter, Robin Fanning, Wanda Lee Ogden and children, Donnie and Sherry, plus William, Donald and Rose Hickman. The ladies have made plans for another outing at the park in August.

Mr. and Mrs. James Scheib and grandchildren, Dawn and Joey, Miss Karen Scheib and Jo Millwood attended the 79th birthday party of a grandmother, Mrs. Emma Laubach, of Affton, Mo., during the weekend.

Mr. and Mrs. William Davis and son, Bill, of Mueller Avenue, have returned home from a three-week vacation. They visited relatives at Tulsa, Okla., and Kocelusko, Miss., and went sightseeing in several other western and southern states.

BRIDAL SHOWER FOR MISS PAULA KUEDELA

Miss Paula Kudela was the guest of honor at a personal prewedding shower Monday evening at the home of Miss Stilla Bixler on East Chain of Rocks Road. The shower was given by Miss Bixler, Debby Buckingham and Gale Lewis.

The patio was decorated in pink, yellow and blue, the colors to be used in the wedding, which will be held in August at the Second Baptist Church in Granite City. Miss Kudela will become the bride of Alan Newberry.

Games were played and refreshments were served to Mrs. Jean Kudela, Mrs. Stephanie Lezban, Mrs. Anna Roy Bixler, Barbara Kudela, Paula Kudela, Margie Martin, Paula Tindall and Donna Tindall.

Robert Bixler of East Chain of Rocks Road has returned from a trip to Aberdeen, Miss.

meetings not attended.

The board also voted to pay all withheld per diem to Auditor Norman Hessler, who missed several meetings due to hospitalization.

Vassileff complimented Township Collector Richard Peck for completing his collections early. Peck presented initial checks to the board, one amounting to \$45,000 for town fund purposes and the other one \$45,000 for road purposes.

Mrs. Helen Hawkins, health inspector, commented that state law may prohibit a snow-cone vendor from selling in the township.

Vassileff said the township has no authority to stop the vendor, and that if he can be stopped only by state law, state authorities would have to stop him from operating.

A Shirleene Drive resident alleged that neighbors near his home are emptying sump pumps into the street and that the water is standing until a green slime forms.

He said children have been playing in the water and the health hazard exists. The board agreed to investigate the complaint.

Hessler commented that since the township now has authority to remove standing water where a health hazard exists, he feels enforcement possible should be done to aid drainage this year, while federal revenue sharing funds are still available.

Auditor Eugene Gargac questioned whether the state had complied with a former township request to clear out a culvert under Route 162 and Route 111. He was told the culvert has not, to date, been cleaned.

He requested that another letter be sent to the state seeking immediate action.

The board appointed Harold Davis, 2230 Shirleene Drive, a member of the Granite City Board of Education, as a trustee of the Long Lake Fire Protection District.

Davis fills the unexpired term of Keith Hart, who retired.

Expenses

(Continued from Page 1)

"I still think I am well paid for my public service. It's what value you place on public service," Parmley said.

He noted that aldermen now are paid \$75 per meeting for attending the three city council sessions each month, plus \$25 expenses over the \$25 always could be submitted to the council to be paid, if approved.

Alderman Walter Nann of the Fifth Ward disagreed, saying, "An alderman's job is no longer a 'soft job.' They wake me up at 2 or 3 o'clock in the morning."

"It costs \$1,500 to run for alderman. Take that and taxes away from the money, and you're darned lucky to break even," Nann commented.

While all aldermen present voted to send the issue to the finance committee for study, those who voted against the increase were R. E. Robertson of the Fourth Ward and Sam Whitener of the Second, William Dallas of the First Ward and Parmley.

Voting in favor, besides Green, were Everett Morlen of the First Ward, Frank Greagwald of the Second, Norm, Earl Baker of the Sixth and Emerald Davis and Ronald Coleman, both of the Seventh Ward.

The council agreed to sell two used police motorcycles to high bidders. A 1966 unit was sold to Carl Miller for \$910 and a 1970 cycle went to Thomas W. Hundley for \$1,403.

A request from Kleberger & Associates, Inc., the city's consulting firm from May 1969 through August 1970 on several projects, for release of funds allegedly owed the company was referred to the finance committee for study and a recommendation.

DRUMS STOLEN

Carl Rajewski, 840 Alton Ave., Madison, reported during the weekend that a set of drums valued at \$400 was stolen from his garage. The set consisted of a bass drum, one snare drum, two tom-toms, two floor toms, and three cymbals.

Swimming lessons, other programs at Tri-City 'Y'

The Tri-City Area YMCA, 2001 Edison Ave., will start its third three-week summer session at 9 a.m. Monday with swim lessons, gymnastics, games, a National Rifle Association BB gun club and arcade activities.

Registration for the session, which ends Aug. 17, is now being accepted at the local "Y" for youngsters in grades one through eight.

For members and non-members wishing to register for

swimming lessons only, they can do so on Monday, Wednesday or Friday at 1 p.m.

Being offered also on these days are beginner (pullwag) and intermediate (minnow) swim classes at 4 p.m. and 4:45 p.m.

A \$15 fee is required for non-members who participate in swim lessons. A day pass for use of the game room and recreational swimming can be purchased by non-members for 50 cents.

Water safety instructor course offered at Wilson

A water safety instructors' course will be offered at the Wilson Park pool to anyone at least 17 years of age who has previously qualified for a Red Cross senior life-saving certificate.

The two-week course will meet from 9 a.m. until noon

Monday through Friday and be taught by Mike Jesse, recreational director of the Granite City Park District.

A \$2 insurance fee for residents of the park district will be charged. The non-resident fee is \$7.

William Harris, 73, dies

William G. Harris, 73, of Rural Route One, Box 155, formerly of Granite City and father of Granite City Police Detective, William D. Harris, died at 4:30 a.m. today at St. Elizabeth Hospital. He had been ill one year and a patient at the hospital one week.

Born in Panama, Ill., Mr. Harris resided in Granite City for 46 years, moving to Patton nine years ago.

He retired from National Lead Co. in January 1965 as a chief electrician, after 43 years of service.

A member of Trinity United Methodist Church, Mr. Harris also belonged to the Masonic Lodge 835, Consistory, Shrine, and the Glensons. He also had held the office of president of the Protestant Welfare

Association for many years prior to moving, was a past chairman of the United Way and was a past president of the Steelworkers Club.

While living in Patton, Mo., Mr. Harris was a member of the Patton Methodist Church and Patton Lions Club.

He is survived by his wife, Mrs. Helen Harris; four daughters, Mrs. Steve (Marilyn) Hasty of San Jose, Calif., Mrs. William (June) Gehlert, Mobile, Ala., Mrs. John (Donna) Boyer and Mrs. Jerry (Carol) Davis, both of Granite City; nine grandchildren and two great grandchildren.

Another daughter, Mrs. Joyce Stevenson, died Oct. 1, 1967. Funeral arrangements are given in the obituary column.

County ok's vote on bonds

Madison County voters will be asked in November to approve a \$1.7 million bond issue to expand and upgrade the county's nursing home in Edwardsville.

If approved by the voters, the board will issue general obligation bonds for the work. The bonds will be paid back with tax revenue over several years.

A 30,000-square-foot addition to the nursing home, costing \$1.2 million, is envisioned with another half million dollars to be used for furniture, equipment and legal and architectural fees.

The Madison County Board voted at its regular meeting yesterday to have the issue placed on the ballot in November.

The unanimous vote came after William Webb of Granite City, chairman of the board's health committee, said a shortage in beds now is being noted and that the shortage will increase substantially when new federal regulations go into effect, which will force many shelter care homes to close.

The county's shelter care

home in Edwardsville also likely will have to close its doors as residents moved to the county nursing home.

The program, called "not a total answer, but a start," by Board Chairman Nelson Hagnauer of Granite City, provides reimbursements of from \$5 to \$10 to owners who have dogs or cats sterilized. The operation can cost up to \$50.

Surgery must be performed between Aug. 1 and Nov. 30 with the owner a county resident in order for the reimbursement to be made. Dogs must have been vaccinated for rabies in order to qualify.

The board allocated \$5,000 for the program, indicating that if the money runs out the program will be halted before the Nov. 30 deadline.

Plan McKinley Bridge repair

The Venice City Council decided Tuesday night to seek bids on repair of the McKinley Bridge deck, including concrete patching on the eastern and western approaches and some work on the deck of the main span.

Bumps will be removed, flanges replaced and loose timbers fastened.

With traffic volume cut in half, from about 14,000 to 7,000 vehicles daily, by the presence

of free interstate bridges in this region, revenue from the toll bridge is limited.

The repairs will be of smaller scope than would be carried out if more funds were available, it was noted.

Preliminary bridge repair work was done by the city street department.

Civil Defense Director Benjamin Honorable said a

Recovering after crash

Blain T. Cooper, 25, of Kansas City, Kan., a passenger in a mail truck which overturned Monday, was reported in fair condition today at Falmouth Desloge Hospital, St. Louis.

Cooper was asleep in the truck's sleeping compartment and James Mills, 37, was driving when the truck was believed to have swerved to avoid another car, struck a bridge abutment and overturned across three lanes of Interstate 70 and 55 at the Exchange Avenue overpass near East St. Louis. Mills was treated at St. Mary's Hospital, East St. Louis, for minor injuries.

A car driven by Edna F. Ryan, 42, of Granite City, struck the truck and then the center bridge support, officials said. Another car, driven by Charlotte Ruhl, Pana, then struck the Gian Vehicle, according to accident reports. Neither woman was seriously injured, authorities said.

Bicyclist hit

Ramon Rutledge Jr., 21, of 2528 E. 27th St., was injured when his bicycle and the auto of Robert Margeson, 3156 Aubrey Ave., collided in the parking lot of the Nameki Village Shopping Center at 10 a.m. Tuesday.

Rutledge was taken to St. Elizabeth Hospital with cuts to his left thigh, left elbow and left hand and abrasions to his left knee. X-rays were taken and he was released.

The locks are closed from 8 a.m. to 4 p.m. today and tomorrow, due to construction of a center wall at the south end of the locks, but tugs will be cleared through tonight.

Assistant Lockmaster Floyd Wade said today.

The U.S. Corps of Engineers is dredging low points on the river and should reach the south end of the Chain of Rocks Canal tomorrow. The river stage was at 7.5 feet this morning.

PADDLERS TEAM WINS The Paddlers swim team won last night over the Bellefontaine team of St. Louis, with the local squad tallying 336 1/2 points to 28 1/2 for the St. Louis swimmers.

Southwestern Illinois Swimming Association diving championships will take place Saturday at Sunset Hills Country Club. The swimming championships are set for Aug. 3 at the Bellefontaine Club.

DIRECTOR DISMISSED Mrs. Martha Hogan, director of the Family Planning Clinic here, was discharged Monday afternoon, reducing the staff from four to three. The action was taken by the Madison County Economic Opportunity Commission.

Mrs. Bethel J. Davis, Gospel Mission superintendent, said Prof. Edison N. Boettcher of the Brookings Bible College, St. Louis, will be the guest speaker at Sunday evening's 7 o'clock service. Sunday school is scheduled at 9 a.m. at the local mission.

MRS. BETHEL DAVIS ENTERTAINS FAMILY Lieutenant Commander (Ret.) and Mrs. Robert J. Davis have returned to their home in Jacksonville, Fla., after visiting the past week with the former's mother, Mrs. Bethel J. Davis of State Street.

Mrs. Davis will entertain two of her grandchildren, John Marshall, 12, and Lauren Dee, 9, son and daughter of Mr. and Mrs. Donald C. Davis of New Orleans, La., for the next 10 days. The young people arrived here by plane today.

NOT WITH REALTORS A woman telephone caller saying she was with Morris Realty and asking personal questions is not affiliated with that agency, Ralph Morris said this week. At present, all of the firm's real estate sales employees are men.

Charges filed against six

Six persons were arrested after a Madison County sheriff's deputy allegedly saw a group of persons tampering with an auto along Route 162 near Mockingbird Lane.

The deputy said he saw four young men and youths run from an auto with its hood lifted to another auto and attempt to drive away. He said he had to drive his squad car in front of the other car to keep it from leaving the scene.

After stopping the car containing six persons, the deputy checked the auto that had its hood raised. He said he found the battery cables had been removed and that the glass in the right front door had been broken.

The officer returned to the occupied car and noticed that several beer cans had been thrown onto the ground. He also alleged he found a socket breaker bar with glass fragments on it under the front seat of the car.

Larry Freeman, 20, of 2265 State St., the driver of the auto, was charged with criminal trespass to property, criminal trespass to a motor vehicle, contributing to the delinquency of a minor and illegal transportation of alcohol.

The owner of the auto, Anita Howerton, 30, of 2115a Benton St., was searched and police allege they found a loaded .22 caliber pistol in her purse. She was charged with criminal damage to property, criminal trespass to a motor vehicle, contributing to the delinquency of a minor, illegal transportation of alcohol, unlawful use of a weapon and not having a firearm owner's identification card.

Arrested in the car were Vickie Widel, 19, also of 2115a Benton St., Charles Niemeyer, 17, of 303 Wilson Park Lane, and David G. Tanner, 18, of 1218 Granite Ave. They were charged with criminal damage to property, criminal trespass to a motor vehicle and contributing to the delinquency of a minor.

A 16-year-old Granite City boy was taken to the Madison County Juvenile Detention Home at Edwardsville for damage to property, criminal trespass to a motor vehicle and contributing to the delinquency of a minor.

GUEST SPEAKERS AT GOSPEL MISSION The Rev. Charles W. Surine, superintendent of the Sunshine Mission, St. Louis, will be the guest speaker at 7 p.m. today at the Gospel Mission, 2014 E. 20th St. The public is invited to attend.

Mrs. Bethel J. Davis, Gospel Mission superintendent, said Prof. Edison N. Boettcher of the Brookings Bible College, St. Louis, will be the guest speaker at Sunday evening's 7 o'clock service. Sunday school is scheduled at 9 a.m. at the local mission.

Mrs. Davis will entertain two of her grandchildren, John Marshall, 12, and Lauren Dee, 9, son and daughter of Mr. and Mrs. Donald C. Davis of New Orleans, La., for the next 10 days. The young people arrived here by plane today.

NOT WITH REALTORS A woman telephone caller saying she was with Morris Realty and asking personal questions is not affiliated with that agency, Ralph Morris said this week. At present, all of the firm's real estate sales employees are men.

News notes

Dr. Donald Prince, chairman of the Illinois Board of Higher Education, announced Tuesday that Dr. Cameron West will leave as executive director to take a position in North Carolina.

The Illinois Public Aid Department said yesterday future payments to medical doctors will go directly to them rather than to factoring (collection) firms. Some of the collectors are alleged to have increased the amount of bills referred to them.

More than 100 Illinois and St. Clair County officers raided alleged drug pushers Wednesday, arresting 24 residents of Belleville, Cahokia, East St. Louis, Washington Park, Duplo, New Athens, Marissa, Centerville and East Carondelet.

Purchases by undercover agents were said to have included LSD, heroin, marijuana, cocaine, morphine, cocaine, barbiturates and amphetamines.

Greek-Turk warfare in Cyprus led to toppling of the military regime in Greece Tuesday, with former civilian officials restored to power.

Amnesty was granted yesterday to political prisoners in Greece.

Howard Fricko, 38, has resigned as director of the Illinois Department of Business and Economic Development.

U.S. Sen. Edward Gurney (R., Ill.) indicted by a federal grand jury for influence ped-

dling, said Tuesday he will not seek re-election. Former Sen. Wayne Morse, Oregon Democratic Senate nominee, died Monday at age 73.

Jean Celeste Aherm, 22, of Hinsdale, Ill., the new Miss Illinois, chosen at Aurora, she will compete in the Miss America pageant this year.

A panel of industry specialists testified Tuesday at Peoria that the fuel shortage and a lack of anti-pollution equipment make it almost impossible to meet Illinois sulfur dioxide standards.

St. Louis metropolitan area living costs rose 10.4 per cent in the July 1973-June 1974 year, the Labor Department said Tuesday, including 2.3 per cent in the spring quarter, reaching 14.4 per cent of the 1967 average.

Twelve Quad-City business firms have been granted licenses to sell tickets for the Illinois state lottery beginning Tuesday. More are being issued daily. The local list includes grocery stores, taverns and television and beauty supply firms.

CONTINUE DEMOLITION Demolition of Central High School is continuing. There was still much of the lower floor standing today.

Six fall matches for SIUE golfers

A six-match fall schedule for the Southern Illinois University at Edwardsville varsity golf team has been announced by its coach, Harry Gallatin. Qualifying rounds for the first tournament will be held over four dates: Monday, Sept. 9—Sunset Hills Country Club, 12:30 p.m.; Tuesday, Sept. 10—Belk Park Course (Wood River), 12:30 p.m.; Friday, Sept. 13, and Monday, Sept. 16—both at Sunset Hills Country Club, starting at 12:30 p.m. each day.

The Cougar golfers will open their fall slate Sept. 20-21 in the Mid-American Intercollegiate Golf Classic at the Terre Dulae course in Boone Terre, Mo. On Sept. 27-28, the SIUE linksmen will take part in the Central Missouri State Invitational to be played at Warrensburg, Mo. Next, the Cougar golfers will play in a one-day meet at Jacksonville, the MacMurray College Invitational tournament.

On Oct. 5, the local golfers will host their own SIUE Invitational. The following weekend, they'll be at Normal, to take part in the two-day (Oct. 11-12) Illinois State University Invitational.

Next, on Oct. 18-19, the Cougars will wrap up their fall golf competition by traveling to Lawrence, Kan., to participate in the University of Kansas Invitational.

Says Gallatin: "Again we will use the fall schedule to help us evaluate our players for the spring season. With the loss of only Bob Biarkis from last season's squad, we again could be strong."

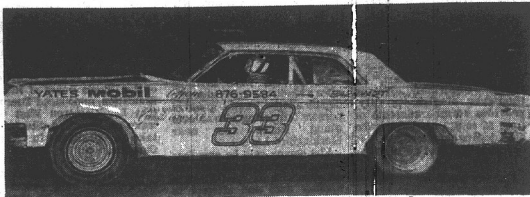

Diver advances to regional meet

David Jolly, 12, a diver for Paddlers swimming and diving team, achieved second place honors during the weekend in American Athletic Union Junior Olympics at the Clayton-Shaw Park pool, Clayton, Mo.

Competing in the 11 and 12 years age group, he attained sufficient points to qualify for the AAU Junior Olympics regional meet this Saturday at the same Clayton pool.

The son of Mr. and Mrs. Claude Jolly, 2541 Ivy Lane, he is coached by Gayle (Thompson) McCormick of the Paddlers' competitive team. Also entered in last weekend's contest were Paddlers divers—Lynn Lindsey, seventh place in the 15-17 age group, and Julie Schnellmann, 10th place in the 10 and under event.

ALL THE FISH YOU CAN EAT
FRIDAY, \$1.99 AT GRANTS

SPORTSMAN ON THE MOVE. Granite City sportsman (lass stock car driver Jack Yates will seek to capture his fourth feature race of the season tomorrow evening at Tri-City Speedway in the 50-lap Faistaff Summer Classic mid-season championship race on the quarter-mile dirt oval here.

Mid-season championship races

The stage is set for tomorrow's annual Faistaff Summer Classic mid-season championship stock car races at Tri-City Speedway, 5100 Nameki Road, for both late model and sportsman class racing machines.

The twin 50-lap feature events will produce new faces in the winner's circle this year as Missouri's Clyde Lindemann, defending mid-season victor, has since retired from racing. Tomorrow's program will mark the first year a 50-lap sportsman race is to be held.

Defending sportsman track champion Pat Walsh captured a 25-lap feature race here during last year's program. Promoter Ed Bloom has hopes that the classic event will not be a repeat of last year's, which took a full week to complete after an accident halted the race at mid-point.

The auto of Russ Wallace, Arnold, Mo., went out of control on the front straightaway and knocked down a fence before leaving the half-mile dirt oval in darkness upon clipping a utility pole.

Lindemann had just assumed the lead from Missouri's Len Gittenmeier when the accident occurred. Of the 15 cars that started the race, only nine returned the following week to complete it.

Drivers and cars will line up on the speedway according to their positions in current point standings.

Sitting side-by-side on the front row for the late model race will be current point leader Len Gittenmeier (1,545) and Pontoon Bech's Wilf Spalding (1,345). In the second row will be Russ Wallace (1,275) and Bill Scherer (1,240).

John Wolfmeier, with 1,000 points, and Granite City's Rod Bailey (810) will occupy the front row for the sportsman feature.

Behind them will be Granite City's Jack Yates (700), Gary Barker (670) and others. Spalding, defending track

champion, enters the program as the only late model car driver to post three feature victories this season. Wallace, Scherer and Gittenmeier have won two apiece.

Sportsman driver Yates, in his first full season of competition, has three wins under his belt. Barker, two, Bailey one and Wolfmeier none.

In their most recent outing, Barker placed fourth, Yates

Football Olympics Sunday

The Granite City High School South football field will be the site Sunday of the 1974 Granite City Football Olympics in which boys in three age divisions—Jr. Pee Wee, Pee Wee and Midgets—will demonstrate their skills in kicking, passing and punting.

Participating athletes will compete for trophies and more than 100 ribbons. Most awards will be based on overall points scored in all events.

Wigh-in times Sunday start at 12:30 p.m. for Jr. Pee Wee; 1:30 p.m. for Pee Wee; and 2:30 p.m. for Midgets.

The competition is open to all boys attending Granite City schools at no charge.

SOCCER CAMP GRADUATES. Thirty-two area youngsters successfully completed the Tri-City Area YMCA's 1974 soccer training program held in late July at Steele Field under the supervision of St. Louis Stars Captain Pat McBride and GCHS North soccer coach Bob Kehoe. McBride is shown at far left kneeling with the ball and Kehoe is kneeling at the far right.

Graduates of the camp (front row, left to right) are: Dee Vore, Ron Rowden, Chris Owsley, Greg Beeler, Benny Nolan, John Hetherington, Greg Gibson, George Gavlick and Mike Gunther. Second row, from left, Dan DeRousse, Wally Chaboudé, Nathan Crain, Randy

Big Daddy, Mongoose, Snowman and Grump awaited at drag raceway here

"Big Daddy" Don Garlits, "Kansas John" Wiebe, Bill "The Grump" Jenkins, Don "The Snake" Prodomme, Tom "The Mongoose" McEwen, Gene "The Snowman" Snow, Chris "The Greek" Karamesines and many others—drag racers who have risen high enough to earn respected nicknames from fans—all are expected to compete during the fourth annual Gateway Nationals drag race here Aug. 2, 3 and 4.

More than 100 supercharged funny cars, top fuel dragsters, pro-stocks and pro-competition cars already have entered the field.

The \$150,000 event will be held at St. Louis International Raceway south of Madison. Wayne Melner is the promoter. The annual event is number eight of the 10-race Grand

American Series of Drag Racing, sponsored by the American Hot Rod Association. Fast races here have shown that the top name drivers do not want to miss competing in the Grand American Series, which are the top point races for those wishing to earn season point crowns of the AHRA.

More than 700 entries are expected to compete in the three-day event, representing

38 states. Included will be super stock, street, stock, modified and bike categories. General admission will be \$5 each day, with special starting line tickets costing \$8 per day Saturday and Sunday, Aug. 3 and 4.

Children under 12 will be admitted free when accompanied by an adult. The track is along Route 203 at Interstate 70.

Braves face 2 foes before opening playoffs here Sunday

The first-year Granite City Braves, newly crowned champions in the Green Division of the Belleville Area Traveling Baseball League, canceled their non-league contest Monday at Cahokia because of a lack of playing facilities.

They face two non-league contests before league playoffs get under way here Sunday.

In preparation for the playoffs, the Braves will pit their 20-9 overall record (11-3 in league action) against the 31-13 record of the St. Louis Malones at 6 p.m. today at Wilson Park. On Saturday, the local nine will play host to a Florissant, Mo., squad at 2 p.m. at Wilson Park.

Braves Manager Ron Madden said, "Though Saturday's contest does not count in league standings, it promises to be a tough one because of Florissant's pitching staff."

The Florissant squad features all-state high school hurlers, including Roosevelt High's Bob Healey.

Madden said he had hoped his team would draw a first-round bye in the league playoffs, scheduled to begin at 2 p.m. Sunday at Wilson Park, but the Braves instead will meet Red Division champion O'Fallon, which has a 14-1 record.

Blue Division champion Belleville West, at 11-3, drew

the bye. West will meet the victor of the Braves-O'Fallon contest at 2 p.m. Sunday, Aug. 4, at the winner's home diamond.

"We respect O'Fallon's defense," remarked Madden; "it beat us twice this season." O'Fallon, defending Illinois Khoury League champion, downed the Braves 5-3 and 9-1 earlier in the season.

Kirk Champion will start on the mound for the Braves against O'Fallon.

The 1974 league champion will compete on Aug. 11 in a state meet at Springfield against league victors from Decatur, Springfield and Quincy.

Offensive line assignment for Coach Williams

Wayne Williams, former head football coach at Granite City High School, who accepted a coaching position at Illinois State University, Bloomington-Normal, is to become the ISU offensive line coach. His appointment is subject to approval by the Board of Regents.

Williams fills a vacancy created by the resignation of Jim Gilstrap, who left this month to take a similar position at Edinboro (Pa.) State College.

Illinois State head coach Gerry Hart also has announced that Rod Butler will become defensive coordinator for the Redbirds this season. Butler has been on the ISU staff for the past six years, four as offensive backfield coach and the past two as defensive secondary coach.

Williams, a football and baseball star at DuQuoin High School and Southern Illinois University at Carbondale, began coaching at West Frankfort and in the last decade has been hailed as a "miracle man" in the St. Louis metropolitan area.

He coached at East Alton-Wood River, a dorm of the Southwestern Conference before the Oilers left the league. Williams brought the Oilers up to a 23-19-3 record in five years.

Then he moved to Granite City, which had been winless for two seasons before he arrived in 1969. The Warriors had a 5-3 record in his first year, and finished with a 28-14-2 mark for five seasons. Williams continued to win at Granite City South after the district split into two high schools.

Williams was a four-year letterman in both baseball and football at SIUC. An outfielder, he was the most valuable baseball player in 1953 and the captain in 1955.

In football, he played both offense and defense at end. He set numerous pass receiving records (since broken), ranked fourth in the nation in punting, and was captain in his senior year. He was named the most valuable athlete at Southern Illinois in 1954-55.

Williams was drafted by the New York Football Giants and spent the world championship year of 1956 on their taxi squad. Then he began his coaching career at West Frankfort High School.

He graduated from SIUC in 1956, and received his master's degree there in 1960. Williams and his wife, Janet, have four children—Denise, 16, Debbie, 15, David, 13, and Douglas, 10.

EVERY DAY 1,000 MORE CHEVROLETS ARE BOUGHT THAN ANY OTHER CAR.

IF YOU DIDN'T KNOW THAT, DOESN'T IT MAKE SENSE TO FIND OUT WHY?

Our cars. No matter how many reasons we could give you, it all comes back to our cars. They're the real reason Chevrolet's so far ahead of anybody else as usual, based on latest dealer reported sales for the 1974 model year through July 10.

Car buyers are great shoppers. They look and visit, drive and compare. And then they buy more Impalas than any other regular-size car. Paced by such favorites as Chevelle and Monte Carlo, they choose half again as many mid-size Chevrolets. And they make Vega the most popular little car in America.

Anybody could lead in one kind of car. But when you're the industry leader and have so much going for you in cars of all sizes, it's got to be more than a

coincidence. It's got to be the cars. **Our selections.** First, there's the kind of choice Chevrolet gives you: Caprices, Impalas, Chevy Wagons, Chevelle Malibus, Laguna Type S-3s, Monte Carlos, Novas, Camaros, Vegas, Woody Wagons and Corvettes.

Then there's the kind of choice Chevrolet dealers can give you: models, options, interiors, colors, engines—chances are they haven't stock what you want, when you want it. Which is usually immediately, right? Our dealers give you the kind of advantage that their kind of volume gives them.

We want to sell cars. You want to save money. It's that simple. We call it our Year-End Savings Plan. Every year about this time Chevrolet dealers really pull out the stops to make buying a new car a nice thing to do. And an easy thing on your budget.

The 1974 model year is drawing to a close. It's the time of the year a lot of smart car buyers purposely wait for. And they sure won't be disappointed this year. Selections are huge right now. And you'll find one outstanding value after another.

See your Chevy dealer some day this week. That's the day we're planning on being able to say 1,001 more Chevrolets were bought than any other car.

CHEVROLET MAKES SENSE FOR A REASON.

Cyclist McClure a repeat winner here

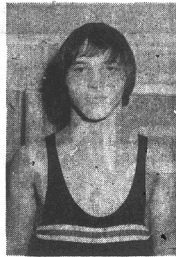

Guy McClure joined fellow Texan James Lee as a two-time main event victor here Tuesday evening after passing the latter on the third lap of the 10-lap race during the American Motorcycle Association program at Tri-City Speedway. McClure started the evening by touring the quarter-mile dirt oval in 15.63 seconds to take runnerup honors behind Lee, who had a time of 15.60, in qualifying time trials.

The Fort Worth rider then captured the second heat race and edged Granite Cityan Glenn Falter II, the checker flag to win the first semi-feature race. Oklahoma's Randy Cleck

defeated Lee in the first heat event, finished second behind him in the second semi, and then second behind McClure in the feature. Lee was third in the feature race.

Other race winners were: Danny Kirkland, Millstadt, third heat and third semi; Danny Durbin, Granite City, fourth heat; Ken Hapke, Collinsville, fifth heat; and Cliff Wilkinson, Granite City, consolation event.

Short-track professional motorcycle racing will resume at Tri-City Speedway next Tuesday, beginning with time trials at 7 p.m. and racing at 8 p.m.

JIM CASCHETTA

JOHN MCMILLON

Titles to two GC wrestlers

Two Granite City matmen emerged victorious from the Illinois-Oklahoma Free-Style all-star championship wrestling meet held Monday at Cahokia High School.

Jim Caschetta, at 106 pounds, and heavyweight John McMillon defeated out-of-state high school standouts 5-4 and 4-1 to take first-place trophies in their weight classes.

"This was not a tournament," Granite City wrestlers who participated in the meet included 106-pound Keith Whelan, 115-pound Phil Lapinski and Steve Garland, 123 Eric Schmisser, 132 John Niebur, 154-pound Terry Johnson and Steve Avedisian and 165-pound Brian Wilson.

Garland was winning his bout with a former national champion until a rib injury in the second period caused him to be pinned in 5:36.

"Considering that our opponents were either high school state champions or runners-up," noted Coach Schmitt, "the outcome of the meet wasn't bad."

Other than Caschetta and McMillon, the annual meet pitted the "cream of the crop" from Illinois against the best from Oklahoma in a one-match, winner-take-all in each of the ten classes.

Other than Caschetta and McMillon, the annual meet pitted the "cream of the crop" from Illinois against the best from Oklahoma in a one-match, winner-take-all in each of the ten classes.

South grid equipment to be issued Aug. 12

Stan Wojcik, newly appointed coach at Granite City High School South, has announced that player equipment will be issued for the school's 1974 football program beginning Monday, Aug. 12, at 9 a.m. for the varsity squad, in the school's gymnasium.

Sophomore squad equipment will be issued at 9 a.m. Aug. 13 and freshman equipment at 9

a.m. Aug. 14.

Coch Wojcik said the first official practice session will begin at 9 a.m. Monday, Aug. 19, at the South football field. He reminds players that physical examination slips must be turned in at that time.

GCHS South will open its 1974 season at home on Friday, Sept. 6, with an 8 p.m. grid battle against cross-town rival GCHS North.

Mercer in road game

With seven weeks of Illinois Inter-City Baseball League competition remaining, the Mercer line of Granite City still has a chance to move within striking distance of Red Division leader Troy.

Mercer takes on Highland-Pierson at 2 p.m. Sunday at Highland for the second consecutive week, and Troy has another bye.

Early this week, the local squad downed Highland-Pierson 3-2 in 10 innings after the visitors forced the game into extra innings by scoring two

runs in the seventh.

Mercer's Pat Harris relieved starter Mark Boone on the mound in the eighth and held the enemy in check while his teammates got the decisive run.

Other games on tap Sunday are Piasa at Panama and East Alton at Livingston.

League standings going into this weekend are:

Red Division—Troy 9-2, Mercer 7-5 and Highland 3-7; Blue Division—East Alton 7-2, Panama 5-6, Piasa 4-6 and Livingston 2-8.

Lifesaving course

A junior and senior water lifesaving course will begin Monday, Aug. 5, and run through Saturday, Aug. 10, from 9 a.m. until 12 noon at the Wilson Park pool.

A \$2 insurance fee will be charged residents of the park district and the cost will be \$7 for nonresidents.

In order to enroll in the junior course, a person must be at least 11 years of age; minimum age is 15 or the tenth grade for the senior course.

Boy Scouts and Explorers

Swim lessons at Arlington pool

Swimming lessons will be held from 11:30 a.m. to noon each day from July 29 through Aug. 8 at the Arlington Heights Swim Club, near State and Route 35, according to the pool manager, Phil Shands.

The lessons are open to the public, and for information those interested may call 344-5232.

More information may be obtained from Dave Nolan, the pool director, at 876-7466.

GUN IS STOLEN

A \$95 revolver was stolen from the auto of Andy Rapoff, parked in front of his home in the 2200 block of Edison Avenue, it was reported Monday.

Mercer players help Red all-stars win 4-0

Last night's annual Illinois Inter-City Baseball League all-star game between the league's Red and Blue Divisions ended happily for Quad-City fans.

Red Division players blanked the opposing Blue squad 4-0 at Highland.

The nine-inning contest pitted selected players from teams of each division against each other, including five from Granite City's Mercer team.

Mark Boone of Mercer was 2-for-2 at bat in helping the Red Division collect 10 hits in the game. The Blue players had five hits.

Boone also relieved winning pitcher Stan Hawkins of Troy on the mound in the fourth striking out two batters and walking one. Troy's Steve Earnhart relieved Boone in the seventh.

Hawkins started the scoring in the third with a leadoff homer and Troy's Butch Schmitt got a homer to start the fourth inning.

The Red Division added another run in the fourth when Highland-Pierson's Neal Quimley walked and Boone and Troy's Jerry Pitcher singled.

Troy's Don Sonnenberg added the final run of the game all by himself in the fifth. He got a hit, stole second, attempted to steal third and scored when the throw to third got past the infielder.

The Blue Division used four

Trailriders offer \$1,290 purse

The Trailriders Saddle Club will sponsor its most extensive show of the season, featuring a purse of \$1,290, at 6:30 p.m. Saturday at the club arena between Highway 151 and Chicago Road, near the Chain of Rocks Canal levee.

Spectators will be charged \$1 each to view this show only, Miss Ginger Bowman, club secretary, said. Children under 12 years will be admitted free.

Nearly 150 riders and mounts are expected to take part.

A guaranteed purse of \$95 in each of 12 events, plus ribbons to the first through fifth place finishers, will be awarded. A \$50 purse will be offered in each of three divisions in the open

halting class.

Miss Bowman said riders will pay a \$5 entry fee for each class. All speed classes will be electrically timed and a horse may be ridden only once in any single speed event, she explained.

Western equipment is required on all mounts and riders also must wear western dress. Optional equipment is permitted in the fox trotting and gaited country pleasure classes.

Prize money will be \$35, first, \$25 second, \$20 third, \$10 fourth and \$5 fifth, with exception of the halter class, including geldings, mares and stallions, with these winners to receive \$25, \$15 and \$10 for first through

third.

Events include: Junior western pleasure (15 years and under); senior barrels (16 and over); junior barrels (15 and under); open western pleasure; fox trotting (flatfoot walk, fox trot and canter).

Ladies' western pleasure (16 years and over); senior pole bending (16 and over); junior pole bending (15 and under); men's western pleasure (16 and over); open flag race; open plug race; open haltering, and gaited country pleasure.

Refreshments will be available on the arena grounds, Miss Bowman said.

Marshall, Logan teams win recreation 'Junior Olympics'

During the Granite City Park District's annual summer recreation "Junior Olympics" held at the Granite City High School South field during the weekend, Marshall Grade School athletes earned 100 points in Class A competition and Logan Grade School athletes 90 points in Class B competition to take top honors in the two classes, related to recreation center enrollment size.

Finishing order of Class A schools (with large student enrollment) was: Marshall 100,

Niedringhaus 92 points, Wilson 85, Parkway 52 and Narnook 42 points.

Class B (small student enrollment) finishing order was: Logan 90, Webster 87, McKinley 57, Washington 29, and Lincoln Place Community Center, 13 points.

Marshall School, athletes captured 12 events for the overall victory.

Hillsboro horse show opens

The tents are up, the rides are on their way, workers have been recruited and 650 horse entries have been made. Hillsboro, Mo., is ready for a horse show, with many Quad-Cityans competing.

For the 29th consecutive year, the Community Civic Club is sponsoring the event; the county seat town of 500 persons will swell to a population of 35,000 over the four-day horse show and festival weekend.

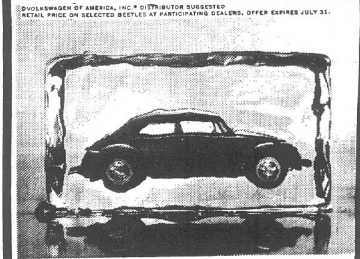

The mid-summer celebration officially opens today at 7 p.m., with the 10-class Jefferson County horse show. Open only to Jefferson County horses, classes will range from English and Western pleasure to ponies and a costume class.

Tomorrow will be Children's Day. Saturday will offer a four-class "speed events" show to

begin at 12 noon. The ring will be cleared and prepared again, in time for the 6:30 p.m. show. Classes that evening include ponies, jumpers, Arabian costume, three-gaited and walking horses.

For the third year, Hillsboro is sponsoring an all-western horse show Sunday. Over 100 horses have been entered in three classes.

The final evening's show, known as stake night, begins at 6:30.

Monuments and Markers, NEW CREAMING STOCK WORK, ARMYING CONCRETE, OPEN SUNDAY.

COCAGNE Monument Works, 1711 State St., 676-0426.

Maeras to withdraw deputy commissions

The long-standing practice of commissioning special deputy sheriffs will be terminated by Madison County Sheriff John Maeras under a legal opinion that the position of a special deputy sheriff is not legally valid except for the service of civil process.

As a result, about 600 special deputy commissions issued to private citizens will be recalled and the system phased out by Sept. 1.

Maeras said the decision was based on results of research by his department, the Madison County state's attorney's office and the Illinois Sheriff's Association.

Sentence 3 in railroad case

Clarence Hand, of 3101 block of Rhodes St., Madison, was sentenced Monday in federal court to a maximum of eight years in federal prison on three counts. Two other men were sentenced to probation terms in connection with the same investigation.

Hand was sentenced to serve a maximum of five years for conspiracy, one year concurrent with the five years for dealing in liquor without paying the tax, and another three years to be served after the concurrent terms, for making false statements to a grand jury.

He was among 28 men indicted by a federal grand jury in connections with thefts from railroad cars in the Terminal Railroad Association yards in Madison between May 1971 and October 1973.

An 18-month investigation revealed thefts of more than one million rounds of ammunition, hundreds of cases of liquor and cigarettes, hundreds of auto tires, scores of air conditioners and garbage disposals, auto batteries, television sets, more than 7,000 pound of copper and other items, according to U.S. Attorney Max E. Goodwin.

Railroad cars were believed involved. Stolen items were distributed through a network of contacts in Southern Illinois and the St. Louis metropolitan area, Goodwin said.

Sentenced Monday to serve three years probation for selling firearms to a non-resident of Illinois in connection with the same investigation was Les Sherry Jr., 37, of the 2300 block of East 14 St.

Sentenced to two years' probation was Eddie Williams of the 2000 block of Missouri Ave., for making false statements to a grand jury during the probe.

GC man shot in Madison

Fred W. Beyrau Jr., 21, of 3101 Jill Ave., was admitted to St. Elizabeth Hospital at 12:20 a.m. Tuesday, suffering a gunshot wound to the right leg.

Earl Ball, 24, of 805 Lee Ave., Madison, has been charged with aggravated battery and reckless conduct.

Jerry Ball, 18, also of 805 Lee Ave., Madison, reported to police at 12:35 a.m. Tuesday that after the shooting, the boys were in the back of a stereo, two speakers and 100 records, all with a total value of \$500, were stolen.

Police were called to the Ball residence on complaint of a loud party. The shooting occurred before officers arrived.

It was reported that the Ball residence was the scene of the shooting, but later telephone police and said he was reportedly in the back of a stereo, two speakers and 100 records, all with a total value of \$500, were stolen.

Granite City Press-Record is set Tuesday

The executive committee of the Madison County Board is to hold a closed hearing at 10 a.m. Tuesday to determine if there was cause for the dismissal of Jack R. Clifford, Madison County building and zoning inspector.

The Madison County Board's land use committee discharged Clifford earlier this month for alleged favoritism in the use of building and zoning regulations.

The executive committee has the power to overturn the action and reinstate Clifford, if charges against him are proven unfounded.

Henry Washington, 79, of 142 North 6th St., Brooklyn, was pronounced dead upon arrival at St. Elizabeth Hospital at 1:15 a.m. today.

Funeral arrangements are pending at an East St. Louis funeral home.

HOUSE IS LOOTED
A new tent and new sleeping bags and a revolver were stolen from the home of Marian Dan, 2027 Missouri Ave., it was reported at 11:55 a.m. Tuesday.

Entry was gained by breaking a window on the rear porch. An unsuccessful attempt was made to remove an air conditioner from a kitchen window.

MOTOR IS STOLEN
A motor worth \$500 was stolen from a pavement rolling machine at the Highway 203 construction site north of Granite City after 4 p.m. Tuesday, company officials of the Calhoun Construction Co. told authorities yesterday.

Services were held Wednesday. Details are given in the obituary column.

Madison city budget up

The Madison City Council Tuesday night approved a new city budget of \$1,000,162. This is a \$10,100 increase over last year's budget of \$990,062.

All city employees received a \$65 per month increase. In commenting on the new budget, Mayor Mike Sasyk said, "I think we have been more than fair with our employees in relation to other cities of 7,000 population. I want to call to the aldermen's attention that in a short time the city may face a serious financial problem. So far the revenue sharing funds have helped us a lot."

"I do not want to get us into a deficit-spending program at anytime. Our department heads have been very good in the past in keeping spending down and within the income of our city. Again this year we will need to watch all spending carefully."

"I feel that with the aldermen, the city officials and the citizens working together we can bring new industry and commercial operations into our city."

The largest single budget item is the police department whose budget of \$243,711 represents an increase of \$10,110. In addition to the pay raise police received additional benefits of time and one-half pay for all hours worked over 40, holiday pay and pay for court time which is limited to two hours per case.

Mayor Sasyk noted that by early September a new central burglar alarm system may be installed by the majority of merchants.

The mayor expressed the opinion this could possibly reduce the number of police needed.

The Street and Alley department budget was increased by \$44,307 to a total of \$134,881. This represents the largest single increase. Within

the next two years the city of Madison hopes to improve all streets and alleys.

Other departments budgeted and the increase over last year are: executive \$25,715, increased \$2,995; legislative \$35,000, up \$8,031; finance and accounting \$21,439, up \$1,384; legal \$15,230, up \$1,105; fire \$33,779, up \$2,314; health and humane \$7,780, up \$140; street lighting \$30,000, up \$4,000.

Sewer \$33,050, up \$18,681; fire and police commissary \$3,735, up \$55; municipal buildings, \$25,709, up \$734; building inspection \$9,370, up \$2,100; insurance \$74,056, up \$19,116; public library \$22,135, up \$2,000; playground and recreation \$40,500, up \$1,160; Illinois Municipal retirement \$50,000, up \$8,000.

Items in the new budget unchanged from last year are: fire hydrant and water \$4,800; elections \$1,575; contingent fund \$1,000; bridge operation \$15,800; health and humane \$12,500; public benefits \$3,400; police pension \$40,000, civil defense \$1,500; working cash \$4,000.

Interviews by school board
The Madison Board of Education held a special meeting Tuesday to interview three applicants for the post of principal of Madison High School.

A decision is to be made by Aug. 1. John Palchick, superintendent of schools, said. Twelve applications were considered, 11 from outside the school district.

Six persons, all from within the district, have applied for the principal's vacancy at Louis Duer elementary school. The board will make an announcement on this position also by Aug. 1, Palchick said.

Guitarists at River Festival
This weekend's Mississippi River Festival concerts at SIUE feature New Jersey Symphony Music Director Henry Lewis with the St. Louis Symphony and the Romero guitarists at 8:30 p.m. Saturday, and Gerhard Zimmermann conducting the St. Louis orchestra in a program with guitarist Jose Feliciano at 7:30 p.m. Sunday.

Today at Collinsville's "Disco of Eight" and "Battle of Algiers," will be shown at 8:30 p.m. Monday at the Festival.

tax grants to communities and \$1,300,000 from transit aid.

The State, County and Municipal Employees group today at Collinsville's "Disco of Eight" and "Battle of Algiers," will be shown at 8:30 p.m. Monday at the Festival.

State budget trimmed, transit funds okayed
A \$3,200,000 appropriation to aid the Bi-State Transit System

INDIAN LORE was the main feature at Pere Marquette State Park when local cub scouts had a buffalo trail hunt, played Indian games, held spear and tomahawk throwing contests and made leather headbands and coup sticks. Standing in the center wearing the chief's war bonnet is Dr. Jack Miller, who presented the cubs with feathers for their coup sticks.

HUCK FINN? TOM SAWYER? It perhaps could be, but in reality the boys are Uniwah (Quad-City) cub scouts fishing with cub-made fishing poles at Silver Lake, Highland, on the third of a four-day cub scout day camp held by the Cahokia Mound Council. Ribbons were given for catching the biggest and most fish.

Cub scout day camp attracts 400 boys

The third annual Cub Scout Day Camp has been completed. This year, due to an increase in interest, two separate sessions of four days each were held. A total of 400 boys and 75 leaders attended the program. Each of the four-day sessions consisted of separate field trips to SIU at Edwardsville, Pere Marquette State Park at Grafton, Silver Lake at Highland and Boy Scout Camp Sumner at Potosi, Mo. At SIUE, the day began with a flag ceremony and then "Olympic games" were held, followed by swimming. A lecture on bicycle safety was given by Officer Friendly (Glenn Wright); Officer J. W. Apperson, also of Granite City, presented a magic show. The cubs ended their day by visiting the SIUE Cougar mascot. The day camp program was coordinated by Mrs. Phyllis Brusatti, chairman; Robert Hogan, Illini District scout executive and the following Uniwah District (Quad-City) scout reserve members: Mrs. Barbara Shanks, Mrs. Arlene Laub, Mrs. Pat Shable, Mrs. Rose Lawrence, Mrs. Pauline Perkins, Mrs. Darlene Smith, Mrs. Pat Poote, Mrs. Cloree Grizzard, Mrs. Earlene Smith, Mrs. Mar Lean Manogian and Mrs. Mary Tarporf.

Mrs. Stallings buried today

Funeral services were held at 10 a.m. today at a Granite City funeral home for Mrs. Olive Belle Stallings, 91, of 3775 Modock Road, Santa Barbara, Calif., former librarian of the Granite City Public Library for 42 years. Mrs. Stallings died at 7:06 p.m. July 20 at the Vista Del Monte Nursing Home at Santa Barbara. She had resided in California since leaving Granite City in 1939. At the time of her retirement in June 1959, Mrs. Stallings had served as a librarian and later head librarian at the Granite City library for more than four decades and had compiled the longest service record of any librarian in Illinois. She was a charter member and past worthy matron of Granite Chapter 650, Order of Eastern Star, and a member of the First United Presbyterian Church. She had lived in Granite City most of her life. Surviving are a daughter, Mrs. William (Dorothy) Niece of Newport Beach, Calif.; a sister, Mrs. Letha M. Wagner of Laguna Hills, Calif.; and two grandchildren. Burial took place at Sunset Hill Cemetery.

Levee district buys 6 vehicles

A bid from the Bo Beckman Ford agency of Collinsville to supply six vehicles to the East Side Levee and Sanitary District was accepted by levee district trustees during a special meeting Monday afternoon. The unavailability of some vehicles called for in the specifications caused the Beckman bid to be increased from about \$20,000 to about \$25,000, although a final figure has not been reached. The offer was the only one received. The dealership is to provide three one-ton trucks, two automobiles and an enclosed pickup to the levee district. The board approved the district's payroll of \$46,010, covering the period of July 1 to 15.

Long Lake fire protection budget hearing Saturday

An \$86,275 tentative budget for the Long Lake Fire Protection District, which anticipates borrowing \$62,000 to meet operating expenses, will be the subject of a public hearing at 1 p.m. Saturday in the Long Lake Volunteer Fire Department station on Pontoon Beach. The tentative budget, by law, is to be on public display in front of the fire station until the date of the hearing. Borrowing through tax anticipation warrants was made necessary when the district failed to file a tax levy with the Madison County Clerk before the deadline and thus will receive no taxes during this fiscal year. The estimated cash available for the year totals \$87,868, including \$10,000 in revenue sharing given the fire district by Nameoki Township, \$15,868 cash on hand from the previous fiscal year and \$62,000 from the anticipation warrants. The budget appropriates \$50 for administrative office equipment, \$400 for legal services, \$48,000 for the fire protection fund, \$600 for trustees' salaries, \$375 for convention expenses, \$27,000 for capital expenditures, including \$19,000 for new equipment. Also, \$8,000 for installation of additional fire plugs, \$350 for contingencies, \$500 for engineering expenses, \$2,000 for a group life insurance fund and \$10,000 to pay previous obligations. The Amated Industries' board of directors in Chicago Tuesday declared a quarterly dividend of 70 cents per share, payable on Sept. 15 to stockholders of record as of the close of business on Aug. 20. The firm owns the American Steel Foundries plant in Granite City.

Stevenson fears terrorist raids on atomic reactors

By LESTER BELL
Press-Record

Washington Bureau
A civilian researcher has questioned a Nixon Administration testimony that American nuclear reactors in the turbulent Middle East will be relatively safe from terrorist raids.

Sen. Adlai E. Stevenson, D-Ill., as chairman of a Senate subcommittee investigating the export of American nuclear materials and technology, heard the conflicting testimony from Fred C. Ikle, director of the U.S. Arms Control and Disarmament Agency, and Theodore Taylor, chairman of the board of International Research and Technology Corp.

"The dangers of nuclear proliferation, environmental contamination, international blackmail and global holocaust are almost beyond human comprehension," Stevenson said in announcing resumption of the hearings on export policy.

He said the dangers so far have not been explored in depth by Congress.

"Nuclear power for peaceful purposes can be as beneficial as its use for other purposes can be destructive," he said.

"The Congress must determine how to serve the former

GRANITE CITY PRESS-RECORD
Thurs., July 25, 1974 Page 12

purpose without also serving the latter."

Fears have been expressed in the Senate that President Nixon's promised nuclear reactors of Egypt and Israel could somehow obtain the atomic fuel to make nuclear weapons.

Ikle and Taylor addressed this question at the hearings. "Every American transfer of nuclear technology to another nation must deal with the problem of nuclear weapon proliferation and must include safeguards against it," Ikle said at the outset.

He conceded that the Middle East is not a peaceful area, a fact that has aroused Congressional concern. But he contended that there is a "countervailing consideration" that of strengthening U.S. influence there so future administrations can continue efforts to bring peace in the Mideast.

"On balance," he added, "we feel the transfer of reactors to Egypt and Israel can pass our arms control criteria, but we

must ensure that the most stringent protective measures are applied."

Ikle said agreements with both nations "will clearly prohibit the use of the material provided by the United States for any nuclear explosive device."

The agreements will also contain additional provisions for physical security of the reactor and fuel to protect them against sabotage or other terrorist misuse. He acknowledged that any agreement can be broken "and other nations might abet such

violation." But he said that if another nation should provide atomic weapons to a Mideastern nation, this "could take a far more direct route than helping with the diversion of fuel from these U.S. reactors."

statement, in effect rebutted the administration position. Discussing safeguards against theft of plutonium to be used for nuclear weapons, Taylor said: "Realistically, I believe such protection probably would have to depend on the

effective use of the recipient country's law enforcement or military authorities to deal with theft attempts by large, heavily armed and well-equipped groups. "Effective arrangements of this kind may be difficult to work out, and even more difficult for the U.S. to enforce. "This is, in my view, one of the most important issues related to U.S. nuclear assistance to other countries,

and should be carefully thought through in drawing up agreements for such assistance." Stevenson has noted that the United States has already entered into cooperative agreements for the transfer of nuclear materials and technology to 29 nations without having settled upon procedures for policing their use. "If Congress fails to act," he said, "it could soon be too late."

Daley exam testimony hurting Partee image

By KEN WATSON
Press-Record

Springfield Bureau
One of the most promising careers in Illinois state government and politics may be on the verge of destruction. If this should happen, there would be far-reaching repercussions across the entire spectrum of Illinois politics.

Facing crisis is the career of Sen. Cecil A. Partee, Chicago Democrat, his party's floor leader in the Senate, who is also recognized as the chief legislative spokesman for Chicago Mayor Richard J. Daley.

Beneath the Statehouse Dome, Partee, 53, has been rated a good chance to be the first black to run for a major statewide office in Illinois, perhaps for attorney general in 1976.

But in recent days a cloud has gathered over Partee's future and if it is not removed his political career may come to an abrupt halt.

Ironically, it was his association with Mayor Daley that led to his crisis. Partee's name was mentioned in testimony in the Chicago trial which resulted in the conviction of Robert Wills Jr., a former state insurance Department employee, on a charge of lying before a Cook County grand jury.

Wills was convicted in a bench trial before Circuit Judge Daniel J. Ryan of lying when he told a grand jury he did not change the answers on an insurance licensing examination paper originally completed by the mayor's son, William M. Daley.

The most damaging testimony against Wills came from a co-worker, Gordon H. Casper of Springfield.

Casper said the tampering with the examination by Wills took place at Casper's apartment and that Wills told him he was doing it as a favor to Sen. Partee.

Partee has denied any complicity in the tampering, but his explanation has been far from full and he has avoided any detailed press questioning about it.

Cook County State's Attorney Bernard Carey, a Republican, has announced he will invite Partee to appear before a Cook County grand jury regarding the allegation he was involved in "fixing" the examination for young Daley. A similar investigation is under way in Sangamon County, where the Wills fixing took place.

Complicating Partee's situation is the fact that Wills did not testify at his own trial. Therefore, Casper's testimony that directly implicated Partee stands unchallenged.

Furthermore, Casper is on record as not only saying that Wills told him he was making the Daley examination changes afterward and been advised to "cool it" in the face of upcoming investigations.

There is little prospect that Wills will break his silence and conceivably take Partee off the hook. Judge Ryan has delayed sentencing of Wills until September. Wills could scarcely be expected to say anything in the meantime that might tend to lengthen any sentence.

Currently, Wills is on leave of absence from a job with Secretary of State Michael J. Howlett, a position he reportedly received through Partee's sponsorship.

At the Capitol, it is regarded as unlikely that Partee could be indicted, much less convicted, on a fixing charge on the basis of hearsay evidence. His big problem is saving his political career.

To do this, he must somehow convince a skeptical public that he did not encourage Wills to do a favor for the son of Mayor Daley, who has helped make Partee's rise to governmental and political success possible.

Mrs. Holshouser succumbs

Mrs. Narrette Holshouser, 81, of 1924 Beckwith St., Madison, Ill. for a year and a half, was pronounced dead upon being taken to St. Elizabeth Hospital at 10:30 a.m. Tuesday from her home.

Born in Thebes, Ill., she had resided in Madison for 48 years. Survivors include her husband, Alva Holshouser; one

son, Paul Holshouser of Arcadia, Calif.; two daughters, Mrs. Pearl (Mary) Stout of Mulberry Grove, Ill., and Miss Dixie Holshouser of Madison; one sister, Mrs. Martha McAllen, Hepler, Okla.; four grandchildren and two great-grandchildren.

Funeral arrangements are given in the obituary column.

ANNUAL ACCOUNTABILITY MEETING for the Tri-Cities Area Chamber of Commerce Aug. 19 is shown being discussed at a committee meeting Monday. From left to right are: Barry Loman, chairman, Ambassadors

Chamber schedules 2nd accountability meeting

The Tri-Cities Area Chamber of Commerce will hold its second annual accountability meeting Monday, Aug. 19, beginning at 6 p.m. with a buffet dinner at Trinity Hall, 13th Street and Madison Avenue, Madison.

Purpose of the meeting, according to Jack Dempsey, general chairman, is to improve communications and give members an opportunity to hear first hand what the Chamber of Commerce has

done and is doing for the Quad-City area. Each committee chairman will report to the Chamber members, after which a question and answer period will be held.

The meeting is open to members, wives and persons interested in Chamber activities. Reservations for the dinner may be made at the Chamber office, 1821 Delmar Ave., telephone 876-4400.

The committee also discussed various aspects of the Metro Study, including planning responsibilities for specific sewage treatment facilities, areawide wastewater management planning and the Corps prepared Plan of Study, an approach outline for the Metro Study program.

Richter heads study of water resources, drainage, land use

The Metro Study Advisory and Interagency Coordinating Committee, a 24-member group of water-related agency representatives which will guide Metro Study efforts to meet water resource needs of agencies throughout bi-state St. Louis, elected a permanent chairman on Tuesday.

In addition, AICC members discussed organization roles, responsibilities, working agreements and plans to be taken up for action by the committee's next meeting.

East-West Gateway Coordinating Council's AICC representative, Deputy Director Alan Richter, was elected chairman for the duration of the study.

An ad hoc organization committee had recommended that EWGCC provide the leadership because of "its continuing involvement with this type of program and its representation on an impartial basis, of the total geographic area presently under study."

The Metro Study, a comprehensive water resources investigation being coordinated by the St. Louis District, U.S. Army Corps of Engineers, covers Madison, Monroe and St. Clair counties in Illinois, the City of St. Louis and Franklin, Jefferson, St. Charles and St. Louis counties in Missouri.

Southwestern Illinois Metropolitan Area Planning Commission's AICC representative, Executive Director Theodore Mikesell, will serve as vice chairman during the first year of the Metro Study.

The SIMAPC representative will assume the position again in the third year.

Representatives of the U.S. Environmental Protection Agency, EWGCC, SIMAPC and Illinois and Missouri state agencies presented oral reports or will submit written reports on regional water-related problems and programs that have a potential impact on the Metro Study.

The reports will be coordinated for review and consideration at a future meeting. During the reports, Kaiser said there is urgency for immediate action in identifying water resource problems and moving on to addressing problems and needs.

Referring to a Corps-MSD pilot program that would eventually provide stormwater drainage control measures on mainstem and tributaries throughout MSD's jurisdiction, Kaiser said, "Maline Creek is one of the most exciting things that has happened."

The Maline Creek proposal places emphasis on environmental considerations, including open spaces and green belt areas, to be combined with concrete channeling, retaining reservoirs, and other structural improvements.

Current Metro Study efforts include identifying specific water-related problems throughout the region. After the problems are pinpointed, objectives will be developed to define approaches to solutions.

The objectives will provide the basis for formulating alternative plans to meet the area's needs for flood control.

sewage treatment, water quality and supply, and other water and related land resources.

The committee also discussed various aspects of the Metro Study, including planning responsibilities for specific sewage treatment facilities, areawide wastewater management planning and the Corps prepared Plan of Study, an approach outline for the Metro Study program.

Action will be considered on these issues at the August AICC meeting.

A discussion of EWGCC's regional land use plan also is scheduled.

State reception by county Democrats

With Thursday, Aug. 15, designated by the state as Democrat Day in Springfield in conjunction with the Illinois State Fair, the Madison County Democratic Central Committee has announced that it will hold its annual hospitality room at the Forum 30 Hotel-Motel.

The Forum 30 is in downtown Springfield at 717 East Adams St. The reception will begin at 4 p.m., with music and refreshments featured.

Most of the Democratic state officeholders, as well as local, county and district officials from all over the state, plan to be on hand. Confirmation from many of these already has been received, Walter T. Simmons of

Venice, Madison County Democratic Central Committee chairman, said.

The Madison County organization has sponsored such an event for a number of years, always to a full house, "giving an opportunity for all to meet and talk to officeholders and candidates, Simmons noted.

Many of the gatherings have been covered by television, press and radio.

For those who did not receive them in the mail, tickets may be obtained from: Secretary-Treasurer Sam W. Wolf, Madison County Democratic Central Committee, 1806 Johnson Road, Granite City. Cost is \$5 each.

Cahokia Mounds Park displays arrowheads

An exhibit of over 1,000 arrowheads taken from Mound 72 at Cahokia Mounds State Park is now on display at the park's museum. The collection will be on display until mid-August.

Judging from their grouping and the materials of which they are made, the arrowheads are of many types and represent the work of prehistoric Indians from various parts of the U.S.

"This is only one indication that Mound 72 is the burial site of an individual prominent throughout the continent," a spokesman said.

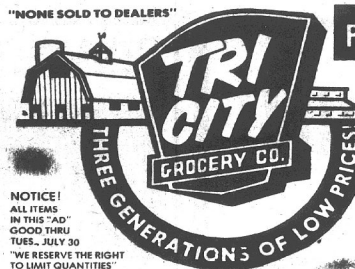

Probably never used as missiles, the arrowheads are more likely the work of outstanding craftsmen and were included in the burial as a symbol of high respect and homage. These artifacts were associated with the burials of six retainers near the main figure."

Excavation of Mound 72 was conducted from 1967 to 1971 under the direction of Dr. Melvin Fowler of the University of Wisconsin-Milwaukee.

The Cahokia Mounds State Park is on Business Route 40 northeast of St. Louis. The museum is open daily from 9 a.m. to 5 p.m., with guided tours at 10 a.m. and 2 p.m. Admission is free.

POST PLANS CAR WASH Fifteen members of Granite City Explorer Post 3001 will conduct a fund raising car wash at the Shell Service Station, Nameoki and Johnson Roads, from 10 a.m. to 7 p.m. on Friday, Aug. 2. Proceeds will help finance Post 3001's space exploration study and other planned programs.

\$135,000 settlement in two-fatality crash

The Granite City Council Monday night agreed to a \$135,000 settlement of a lawsuit stemming from the deaths of a Mitchell man and his son in a crash with a fire truck at 27th Street and Madison Avenue March 19, 1971.

The suit had been filed by Mrs. Rae J. Marshall for the estate of her husband, Charles D. Marshall, 35, and their youngest son, Darren Marshall, 7, both of Rural Route Two.

The two were killed when the gasoline tank of their car exploded after the auto was struck by the fire truck.

Three firemen on the truck and also a woman passenger in another car were injured in the accident.

A \$170,000 judgment had been issued in Madison County Circuit Court, subject to appeal

by the city in the suite against Granite City and Earl Fronabarger, who was then firechief.

Rather than appeal, the assistant city attorney, Eric Robertson, arranged a settlement with Mrs. Marshall in which the city is to pay \$135,000 over a five-year period, with six per cent interest per year on the unpaid balance.

It was indicated at the time of the collision that the pumper truck was northbound on Madison Avenue, with red lights and siren operating, and that it passed a red traffic signal.

The Marshall auto was described as eastbound on 27th and crossing Madison Avenue when it was struck in the rear by the fire truck.

The fire truck then collided with a westbound auto, which had come to a halt.

Many puppies, kittens available for adoption

The Quad-City Association for Protection of Animals will hold its second adoption clinic of the month on Saturday due to the large number of puppies and kittens left in its care, according to Mrs. Connie Becerra, APA shelter supervisor.

Adoptions can be made from 10 a.m. until 4 p.m. Saturday at the APA center, located outside Grant City store in Nameoki Village Shopping Center.

Sharing the spotlight with the younger animals will be a field trial registered Irish setter female.

A large dog, partially trained

and obedient to commands, the setter is about two years old and is named Lady Amber.

Several male and female Siamese, longhaired and calico kittens and half-poodle puppies are among the pets to be offered for adoption.

All pets have received their temporary distemper shots, Mrs. Becerra explained.

A nominal adoption fee is asked by the humane group to help defray the cost of inoculations and operating expenses of the non-profit organization.

**"ARE YOU
HUNGRY?"**

**FOOD . . . World's No. 1 Need!
HOW MUCH IS A MEAL WORTH?**

Being in this food business for over 60 years we should know a little about it. Never in this 60 years has the threat of a shortage been more noticeable.

We believe that this country of ours has no immediate danger, because particularly our growers and producers are using every thing possible to increase yields. And in spite of the high food prices on our factory labor in the U.S. will buy more food than any time in history. Why is this?

We think this is because that starting with the producer through the necessary middleman, and the super market, all of whom are working on a low margin of profit and greater efficiency, your food costs are relatively cheap. (Don't shoot us for this remark, but we believe we can prove it.)

In some of our future ads we will tell you of some fabulous discoveries that have been made by scientists throughout the U.S.A.

So, bear with us.

Dallas says he will burn trash during basic oxygen emissions

Complaints by aldermen of open burning in Granite City, the burning allegedly done by a tavern and several householders—brought an angry response during Monday night's Granite City Council meeting from Alderman William Dallas.

Dallas said he will not stop burning his papers until something is done to reduce pollution that he attributes to Granite City Steel's basic oxygen furnace plant.

Dallas, a GC Steel employee, said the Illinois Environmental Protection Agency had taken air samples at his home. He said the samples proved he lived in "the dirtiest house in the entire state of Illinois."

He resides at 2001 E. 20th St. at Omaha Street.

The alderman said, "I'm going to burn trash, rubbish, paper and everything, everytime the BOP belches out."

He said that if police tried to arrest him, they also would have to arrest Granite City Steel officials, in his opinion.

Dallas said he had called the company on numerous occasions, complaining of red dust.

Amvet Post plans picnic
Joseph Papa was appointed chairman of the Amvet Post 204 annual family day picnic by Post Commander Vasil Gravielle at the July monthly meeting last week at the post home, 1242 Iowa St., Madison.

The picnic will be held at the Arlington Golf Course, Sunday, Aug. 18.

Also appointed to the committee were Wayne Kelley, who will be in charge of a children's fishing rodeo; William Diak, Leonard Lupa Sr., Roy Jones, William Vavra, Frank Schenbrot Sr., and Edward Ubrack.

Cost of the picnic will be \$10 per family. Advance reservations are required. Commander Gravielle reported that the ladies auxiliary will visit Grant's farm on Aug. 10 leaving at noon from the Amvet home by bus. The bus fee is \$1.25 per person and reservations may be made at the post home or by calling Mrs. Hilda Gravielle at 452-3170 after 7 p.m.

A moment of silence was observed in memory of Walter Gavlick, a deceased member. Gravielle reported the membership of Post 204 now is 193.

The next regular meeting will be at 7:30 p.m. Thursday, Aug. 1.

Applications for admission to attend SIUE
Applications for admission to Southern Illinois University at Edwardsville for the fall quarter are still being accepted, according to Gene Magac, assistant director of admissions.

For more information, prospective students may contact the SIUE Office of Admissions or call 1-492-2720. Registration for the fall quarter by appointment will be held Aug. 13 and 14 from 8:30 a.m. until 7 p.m. Registration without appointment will be held Aug. 15 and Sept. 19 during the same hours.

First day of classes will be Sept. 23. Students who have not attended SIUE in the past four quarters should check with the Admissions Office prior to registration.

Dale Hagen dies at 48
Dale G. Hagen, 48, of 487 Upland Drive, Tooele, Utah, a former employee of the Granite City Army Installation, died at his home on Sunday. It was learned here this week.

He had been under the care of a physician.

Surviving are his wife, Mrs. Barbara (Tucker) Hagen; a stepson, Norman Northcutt, residing at home; a stepdaughter, Mrs. Linda White of Washington, D.C.; his mother, Mrs. Carolyn Hagen of Beckemeyer, Ill.; and two grandchildren.

Funeral services were held at 2 p.m. today at a funeral home in Beckemeyer.

FIND STOLEN CAR
The auto of Betty J. Conner, 2000 Elm Ave., stolen from the driveway of her home before 7:30 a.m. Tuesday, was recovered later Tuesday by Madison County sheriff's deputies. They said it had been involved in a hit-and-run accident after it was stolen.

emissions, but has been unable to get satisfaction.

"It's a shame. I can't understand it. About a dozen property owners are catching heck back there," he continued.

He said red dust covers his home and car and he cannot mow the lawn without becoming covered with red dust.

"I just painted a part of my home. Come and see it and watch how quickly the white turns red," he invited the aldermen.

Casmer Skubish, inspector for the Granite City Air Pollution Control Department,

told Dallas and the other council members that the steel company is operating within the law, having been granted variance in pollution control regulations while new control equipment is designed and installed.

He suggested that a steam injection system could be installed in conjunction with a BOP electrostatic precipitator to further reduce emissions, but such a system has not been suggested by the IEPA or the Illinois Pollution Control Board, Skubish said.

He said the local hir board has

GRANITE CITY PRESS-RECORD
Thurs., July 25, 1974 Page 18

been asked to set an example for the state and the nation on local control of air pollution, but that it is unable to act with full success until some degree of coordination is established with the IEPA.

In other business, the council—
Ordered a resolution prepared to reverse the direction of one-way traffic in the 2000 and 2100 blocks of Washington Avenue.

Ordered that parking meters not be reinstalled in front of St. Elizabeth Hospital as a preparation for an intersection improvement plan.

Asked the traffic and street and alley committees to study

the hazard of speeding vehicles at the curve between the 3300 and 3400 blocks of Franklin Avenue.

Asked Mayor Paul Schuler to see if a crossing guard can be kept during the winter near Washington School.

Voted to advertise for bids on the sale of a stencil machine, a typewriter and a cabinet.

Approved a request from Downtown Granite City, Inc., to hold an annual downtown sidewalk sale Aug. 2 and 3.

Approved a "roadblock" by the Animal Protective Association from 10 a.m. to 5 p.m. Saturday, Aug. 3, at 20th Street and Niedringhaus Avenue, with proceeds to be used to buy two humane animal traps and medical supplies for animals.

Reversed its decision of the

previous week and granted a special use permit for Johnson's Used Car lot at 3535 and 3537 Edwardsville Road.

Denied a request by two children to paint designs on fire hydrants, due to a color-coding system used on the plugs. The system shows the sizes of the water mains to which the hydrants are attached.

Gave permission to the fire department to send a fire truck to the Edwardsville Fire Company's 100th anniversary parade in Edwardsville Saturday.

And agreed to urge railroads to speed repairs at the 20th Street crossing near downtown Granite City because of trucks which are being rerouted. The trucks are disturbing residents of Omaha, 21st and Monroe streets, it was stated.

Small, 2-headed friend gone

One of Granite City's most unusual residents is dead. The resident, who never had a name, died unexpectedly last week at the home of Roger Tipton, nine, the son of Jeani Tipton, 3 Queensbury Court, the boy reported Tuesday.

The resident was a two-headed ant, described as a rarity.

Roger said he found the unusual animal at his grandparents' home in State Park Place and kept it alive for three days. He and his family studied the ant under a magnifying glass and concluded that it, indeed, had two heads.

He described the ant as black, large and having a sandy colored head. Roger said he is not sure what he will do with the ant's body.

BURGLARY IN MITCHELL
A \$1,375 component stereo system and a \$100 television set were stolen from the home of Joseph Stemmer Jr., 611 Fleming Place, Mitchell, it was reported at 8 p.m. Monday. The front door was damaged to gain entrance. Stereo items taken were a radio, amplifier, turntable, tape player and two speakers.

AUTOMOBILE TAKEN
The car of Deborah Marre, 305 Kirkpatrick Homes, was stolen from Edwards Street and Nameoki Road, the owner reported at 11:40 p.m. Tuesday.

BPW inducts at 'Yule' party

The Granite City Business and Professional Women's Club celebrated "Christmas in July" at a party and membership event in the 300 Room of Brunswick Tri-Mor Bowl.

A potluck dinner was followed with a gift exchange and a "Major Bowles Talent Contest." More than 70 attended. New members inducted into the business women's group were Shirley Arnold, Marie Benson, Annette Griffith, Barbara Hodges, Celestia Puryear, Shirley Pope, Deborah Bittner, Betty Smith and Freda Scott.

They were introduced by Mrs. Lois Wetton, membership chairman, and each was assigned a "big sister" as counselor-coordinator of club activities and presented a nosegay of flowers, attached with her name and date of induction.

Mrs. Mary Batson, a past president, conducted the initiation ceremony. Miss Annellen Smith, president, welcomed the members and guests.

Mrs. Verna Lengyel was crowned "Mrs. Santa Claus" and given a gift of appreciation by the membership possibility committee.

Winners of the talent contest were Mrs. Louise Lewis, who sang, and Mrs. Shirley Arnold, who presented a novelty song. Other contestants were Mrs. Wetton, a reading of poems; Mrs. Batson and Mrs. Sylvia Wright, Hawaiian dance; and Mrs. Delores Kliest, a humorous skit.

Mrs. Pauline Weir was

TALENT CONTEST winner, Louise Lewis, with microphone, performs for BPW members and guests at the midsummer "Christmas" party. Seated are Mrs. Rosemary Basden, BPW vice-president, center, and Mrs. Genevieve Haddix.

selected as alternate delegate to the National BPW convention, and plans were made to tour the Levee House in St. Louis, Aug. 3, with Mrs. Genevieve Grady in charge of arrangements.

Married in Atlanta, Ga.

The marriage of Miss Bonnie Babington of Atlanta, Ga., and Timothy Snider of Granite City took place July 20 in Atlanta. The bridegroom's parents are Mr. and Mrs. Harry Rutan, 4028 Melrose Ave.

His bride is a daughter of George Babington of Atlanta and the late Mrs. Babington.

Mr. Snider attended Granite City schools and is a musician with the "Boll Weevils," a group based in Nashville, Tenn., which has appeared in this area.

The newlyweds will arrive in Granite City in mid-August for a visit and later join the music group in Reno, Nev.

ALL THE FISH YOU CAN EAT
FRIDAY, \$1.89 AT GRANTS

NEW MEMBERS INDUCTED at the "Christmas in July" fun night of the Granite City Business and Professional Women's Club, from left to right, include Shirley Pope, Freda Scott, Barbara Hodges, Celestia Puryear, Betty Smith, Annette Griffith, Marie Benson, Shirley Arnold and Deborah Bittner. More than 70 women attended the event at the Brunswick Tri-Mor 300 Room.

James Krewson, 7, is party honoree

James Krewson Jr., was honored on his seventh birthday with a party given Monday afternoon in the home of his parents, Mr. and Mrs. James Krewson, 3254 Westchester Drive.

Mrs. Donna Price assisted the hostess in directing the games and awarding prizes to Patty Donjolan, Melissa Bagette, Michele McCord and Angela Graupski.

Treasure of the party was "Toys in the Tiger" which was carried out in the table appointments and favors.

Other guests attending were the honoree's brother, Paul Krewson; and Dale Dolzauer, David Bagette, John Donjolan, Mark McCord, Matt Laub and Ruth Stille.

BURGLARY ON ROOSEVELT
Burglars stole an air conditioner, a couch and an assortment of rifles, shotguns and pistols from the home of William Imman, 2817 Roosevelt Ave., it was reported at 11:10 a.m. Tuesday. The air conditioner was removed from a rear bedroom window to gain entry.

MRS. HERBERT L. GOLDBERG, the former Miss Laura Diane Massie, who was married at the Temple Israel in St. Louis. She is a daughter of Dr. and Mrs. Sidney M. Massie, 2545 Edison Ave.

Laura D. Massie becomes Mrs. Herbert Goldberg

Miss Laura Diane Massie and Herbert Louis Goldberg exchanged wedding vows July 7 in an indoor summer garden setting, arranged with greenery and wild flowers, at the white brick chapel of Temple Israel in St. Louis.

Pews were marked with candles, greenery and white satin bows and the altar was banked with arrangements of summer flowers and tall candles holding burning tapers.

Officiating at the double ring ceremony at 6 o'clock in the evening was Rabbi Alan Bregman.

The organist played Israeli music as the guests were seated and "Lohengrin," "As Time Goes By" and recessional for the ceremony.

Parents of the bride are Dr. and Mrs. Sidney M. Massie, 2545 Edison Ave. The groom is a son of Mr. and Mrs. Norton Goldberg of Chicago.

For her wedding, the bride chose a crisp white summer gown featuring a high neckline edged in a decorative lace trim. The train was repeated on the fitted bodice and long tapered sleeves.

A softly gathered ruffle encircled the hem, sweeping backward to fashion the chapel length train.

She wore a lace embossed headpiece of voile to secure her melody length veil of bridal illusion. Her bouquet was created of mixed summer flowers in various colors combined with stephanotis, daisies and baby breath and festooned with white ribbon streamers.

Miss Barrie Joan Massie of Evanston, Ill., served as her sister's maid of honor. Bridesmaids included Mrs. Michael Goldberg of Highland Park, a sister-in-law of the groom, Mrs. William Bright of Granite City and Mrs. Mark Feldman of Des Plaines, Ill.

A rehearsal dinner was hosted by the groom's parents at the Cheshire Inn, Clayton, Mo.

Following a wedding trip through the southern states the couple is now residing in Skokie, Ill.

A graduate of Granite City High School, the former Miss Massie also graduated from the University of Illinois in 1973 and is teaching a fourth grade class in the Schawmberg School District. She is a member of Alpha Epsilon Phi Sorority.

Mr. Goldberg was graduated from the University of Illinois in 1973. He is a second year law student at John Marshall School of Law and is working for the criminal courts in Chicago. He is a member of Tau Epsilon Phi.

Feeney-Leonard nuptials

Cheryl Leonard, 2805 Kirkpatrick Homes, and Thomas Feeney, 4703 Kirkpatrick Homes, were united in marriage at 11 a.m. on June 29 at the City Hall in Granite City.

Officiating at the ceremony was Associate Judge Merlin Hiscott of the Third Circuit Court.

The bride is a daughter of Mrs. Eva Hankins, 2905 Kirkpatrick Homes. The groom is a son of Mr. and Mrs. John Berdsey, 2812 Wayne Ave.

Serving as honor attendant was Diane Biggs. Tim Biggs attended the groom as best man. The couple was married at 8:30 p.m. Monday.

MR. AND MRS. MARK S. RIGSBY. They were married in an afternoon ceremony at the Third Baptist Church, 2600 Grand Ave. The bride is the former Miss Janice M. Stelling, a daughter of Mrs. Lucille Locke, 2456 Delmar Ave., and the late Norbert J. Locke.

Rigsby-Stelling nuptials at Third Baptist Church

Third Baptist Church, 2600 Grand Ave., was the scene of the wedding at 4 o'clock in the afternoon of July 26 of Miss Janice M. Stelling and Mark S. Rigsby.

A heart shaped candelabra centered the altar amid arrangements of mixed summer flowers. The double ring ceremony was performed by the Rev. David T. Richardson.

Preceding the service Cheryl Harper, organist, played "The Song Is Love," "The Wedding Song," and "And I Love Her." She also accompanied the soloist and guitarist, Tim Moore. The Rev. Richardson sang "The Lord's Prayer" in one part of the ceremony.

The bride is a daughter of Mrs. Lucille Locke, 2456 Delmar Ave., and the late Norbert J. Locke. Parents of the groom, Mr. and Mrs. Carl Wolf, reside at 33 Del Rio Ave.

A white organza gown fashioned with a laced bodice, lavishly appliqued with lace motifs, was worn by the bride. The full skirt was encircled with a ruffled flounce, forming a chapel train.

Matching lace appliques accented the full bishop sleeves and the tightly fitted cuffs were edged with a tiny organza ruffle.

She wore a bouffant veil of bridal illusion held in place with a lace headpiece and she carried a white wicker basket of daisies, white roses and baby breath.

Miss Debbie Grace, maid of honor, chose a dotted Swiss gown in pink plaid. White eyelet trim edged the sleeveless bodice and high standup neckline and enhanced a gathered flounce at the hemline.

The bridesmaids, Mrs. Cathy McIlroy and Mrs. Jennifer Canada, both cousins of the bride, Miss Kelly Twilman, the groom's niece, and Miss Cindy Blumenstock, were dressed in identically styled gowns in blue, orchid, green and yellow.

Each attendant wore a white picture hat with streamers in a shade to match her attire and held a wicker basket of daisies and baby breath.

Julie Howell and Melissa McIlroy, cousins of the bride, served as flower girls. They wore pink and blue frocks similar in design to the adult attendants' gowns and carried small baskets of flowers.

The groom chose his nephew, Kevin Twilman, as best man. Kenny McIlroy, the bride's cousin, Tom Rushing, Bruce Buttery and Dale West were groomsmen.

David Evans and Frank Mehelec escorted the guests to their seats and Stephen Howell was the ringbearer.

Kathy and Karen Evans, candlelighters, were dressed in yellow and green dotted Swiss frocks.

Immediately following the ceremony a reception was held in the church fellowship hall with Mrs. Lynette Brown presiding over the guest book.

An evening garden party for about 125 relatives was hosted by the groom's parents at their home. Mr. and Mrs. Wolf also gave a rehearsal dinner at Temple's Smorgasbord for members of the wedding party on the evening preceding the wedding.

Mother of the bride, Mrs. Locke, wore a formal length dress in pink polyester, with a white sweetheart rose corsage.

The groom's mother, Mrs. Wolf, selected a blue and green floral gown, complemented with a matching coat and white daisy corsage.

The bride, a junior year student at Southern Illinois University at Edwardsville, is a part-time employee of the Granite City Public Library.

Her husband was graduated from Illinois State University. He is employed by the Third Judicial Circuit Court in Madison County.

After a wedding trip to Las Vegas, Nev., and San Francisco, Calif., the couple will reside in Granite City.

MR. AND MRS. THOMAS FEENEY, whose wedding took place at the City Hall in Granite City. The bride is the former Cheryl Leonard, a daughter of Mrs. Eva Hankins, 2905 Kirkpatrick Homes.

Annual Novena opens Saturday

A concentration on Marian homelies will be presented during the 9th annual solemn Novena which begins Saturday, July 27, at the Shrine of Our Lady of the Snow, Belleville, starting at 8 p.m. The final celebration will be on Sunday, Aug. 4th.

Oblate Fathers from the Shrine will be the speakers, starting with the Rev. Al Burak, OMI, on July 27, discussing "Mary and the Holy Year."

On Sunday, July 28, the Rev. William Weisman, OMI, will talk on "Mary and the Family." This will be Jubilee Night, with Bishop Albert R. Zuroweste in attendance. Those honored during the marriage jubilee celebration will be invited to the Shrine restaurant following the ceremonies for a reception.

The Oblate provincial, the Rev. Francis George, OMI, of St. Paul, Minn., will speak Saturday, Aug. 3, on "Mary Our Spiritual Mother."

The ceremonies will observe the ninth night with Bishop Albert R. Zuroweste officiating as principal celebrant of the Mass. A solemn candlelight procession will be held throughout the Shrine grounds that evening.

Film festival at GC library

The Children's Film Festival, a summer program held at Granite City public library, under the direction of Mrs. Rose Bone and Mrs. Carole Canady, continues each Wednesday at 2 p.m.

"Sharks," the story of often misunderstood creatures of the deep, is the topic of a film next Wednesday for all age levels.

The final four presentations are: "Jack and the Beanstalk" Aug. 7 for children 3 to 6 years of age.

"Ghosts and Ghouls" Aug. 14 for 6 to 9 years olds.

"Boxes" Aug. 21 for 3-to-6 year-olds, and Aug. 28, "Hound that Thought He Was a Raccoon," for all age levels.

For the benefit of area children and residents, the children and adult departments are open from 8 a.m. to 9 p.m. Monday through Thursday each week and from 8 a.m. to 5 p.m. on Friday and Saturday, according to library officials.

Area couples make future wedding plans

BRIDE-TO-BE, Miss Dawne Helene Zerlan, whose parents, Mr. and Mrs. Paul Zerlan, 2727 Michigan Ave., are announcing her engagement and forthcoming marriage to Charles G. Bode of Edwardsville. An August wedding is planned.

BETROTHED, Miss Elizabeth L. Jelf, whose engagement to Charles P. Baroff is being announced by her parents, Mr. and Mrs. Vincent D. Fisher Sr., 119 Wilson Park Lane. A Nov. 15 wedding is planned.

Elizabeth Jelf is engaged

Plans for a November wedding were disclosed with the announcement of the engagement of Miss Elizabeth L. Jelf and Charles P. Baroff by the bride-elect's parents, Mr. and Mrs. Vincent D. Fisher Sr., 119 Wilson Park Lane. The prospective groom is a son of Mr. and Mrs. Steve Baroff, 2632 Center St.

ENGAGED, Miss Sylvia Joan Dorste, the fiancée of Tony Lee Day. Their engagement is being announced by the bride's parents, Mr. and Mrs. Virginia Spain, 2566 Iowa St., and George Dorste Sr. of Madison.

Sylvia Joan Dorste to marry

The engagement and approaching marriage of Miss Sylvia Joan Dorste and Tony Lee Day are being announced by the bride-to-be's parents, Mr. and Mrs. Virginia Spain, 2566 Iowa St., and George Dorste Sr. of Madison.

The prospective bridegroom is a son of Mr. and Mrs. Pat Day, 1746 Chestnut St. At present he is taking boot training with the U.S. Navy at the Great Lakes Naval Base, Great Lakes, Ill. Preparations are being made for their wedding on Sept. 14.

MISS MARY E. KATZMAN, whose engagement to Michael Lynn Green is being announced by her parents, Mr. and Mrs. John Katzman Jr., 105 Kinder Lane.

Green-Katzman engagement

Mr. and Mrs. John Katzman Jr., 105 Kinder Lane are announcing the engagement of their daughter, Miss Mary E. Katzman, to Michael Lynn Green, son of Mr. and Mrs. Lyle Green, 210 Springfield Ave. Tentative plans are being completed for a wedding next summer.

MISS DEBBIE STROUD, whose engagement to David L. Pulley, son of Mr. and Mrs. Leo Pulley, 200 McCambridge Ave., Madison, is being announced by her parents, Mr. and Mrs. Louis G. Smith, 2934 Morgan Ave. Plans are being completed for an Aug. 3 wedding.

Pack 8 hosts regatta race

Cub Pack 8, sponsored by the First United Presbyterian Church, hosted a picnic pack meeting and regatta race Monday evening at Wilson Park.

Cubmaster Warren Nash led the group in the pledge of allegiance, followed by dinner and the boat race.

Winning gold, silver and bronze medals, respectively, were Donald Miller, Jamie Cormier and Mark Vanyo. Receiving participation ribbons were Mark Vanyo, Scott Foote, John Desherlia, Charles Pickens and Lacy Wayne from Den 2, led by Pat Foote; and Chris Nash, Tom Paul, Jamie Cormier, John Misturak, David Wiser and Donald Miller from Den 1, led by Judy Miller.

During an awards ceremony, Nash presented Mark Vanyo and Chris Nash with silver arrows; Tom Paul, bear badge; and Jamie Cormier and John Misturak, bobcat badges. Tom Paul and John Misturak were named denner and assistant

denner. Also attending were Mrs. Lilly Paul and children, Gene Pyle, Mr. and Mrs. John Misturak and daughter, Mr. and Mrs. Gustav Cormier, Mrs. Marilyn Wiser, Mrs. Warren Nash and daughter; Richard and Dottie Foote and Mrs. Pat Cammann and son.

On Aug. 24, pack members will motor to Defiance, Mo., for a picnic and a tour through Daniel Boone's home.

AC 8 card club marks 21st year

Mrs. Charles Thurber, 2710 Grand Ave., entertained the AC 8 Pinochle Club Tuesday evening at dinner to mark the 21st anniversary of the club.

Members reviewed the organization's activities throughout the years and cards were played.

Those winning prizes were Mrs. Kathryn Smithson, a guest, Mrs. Ruby Hornberger and the hostess.

Others present were Mrs. Margaret Belt, Mrs. Pauline Stephens, Mrs. Cecelia Warrhoff and Mrs. Sue Krueger. The group will next meet on Sept. 24 with Mrs. Penny Ousley, 1713 Fourth St., Madison.

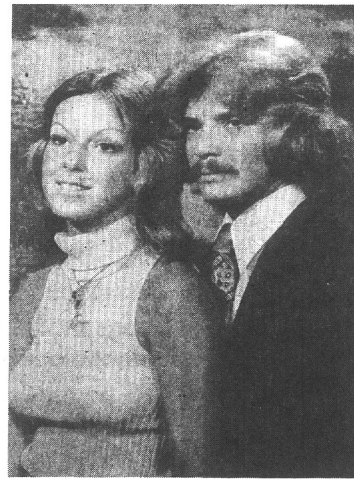

Scout charters given at service

Members of Cub Pack 8 and Boy Scout Troop 8, both sponsored by the First United Presbyterian Church, attended a charter presentation at the church this week.

David Brooks, district vice chairman, presented the charters to John DeCoursey, institutional representative, who later introduced the scouts, their leaders and parents.

Attending were Cubes Jamie Cormier, Ronald and Donald Miller, John Misturak, James and David Wiser, Tom Paul, Chris Nash, Gary Harlan and Scott Foote; Judy Miller and Pat Foote, den leaders; Warren Nash, cubmaster; and Gustav Cormier, assistant cubmaster. Boy Scouts present were Bob DeCoursey, Brian Curtis, Leonard Bringer, Jim Ellis and Jim Bosworth and Scoutmaster Tom Kotter. Parents attending were Audrey Cormier, Mr. and Mrs. John Misturak and daughter, Mrs. Opal Harlan and Mrs. Sherry Nash and daughter, Christine.

WOMAN FOUND, TREATED A Granite City woman was found by her son lying in a semi-conscious condition on the living room couch at 2:15 p.m. Friday, after apparently ingesting an unknown quantity of tranquilizers. She was taken by ambulance for treatment.

TO MARRY, Miss Stacey Scarborough and Richard Allen Crippen, whose engagement is being announced by her parents, Mr. and Mrs. Phil Spence, 3873 Rodney Drive. A Dec. 21 wedding is planned.

Miss Scarborough is betrothed

The engagement and plans for a winter wedding of Miss Stacey Scarborough and Richard Allen Crippen are being announced by the bride-to-be's parents, Mr. and Mrs. Phil Spence, 3873 Rodney Drive. Parents of the prospective groom are the Rev. and Mrs. Henry Crippen, 3333 Johnson Road.

Both young people are graduates of the Granite City High School and also are employed at Melborn Manufacturing, St. Louis. Plans are being completed by the betrothed couple and their families for a Dec. 21 wedding at the Word of Life Tabernacle with the groom's father officiating.

Youth event at New Salem Church

A "King and Queen Penny" contest will take place at 3:30 p.m. Sunday at New Salem Baptist Church, 1349 Klein St., Venice. The public is invited to attend. The event will be given under the auspices of the Senior

Ushers Board of the church which has arranged the contest to promote interest in Christian service by youth, according to Mrs. Lucille George, board president and Mrs. Julia Williams, secretary.

Six youngsters will compete for the king and queen titles, Mrs. George explained. They are Caroline Buire, Barbara Williams, Dezonda Gordon, Ulysses Williams, Anthony George and Steven Boyd.

The committee of judges to determine the winners consists of Mrs. Geneva Crawford, Mrs. Riverlee Reed, Mrs. Nannie Kerr and Roy McLennon.

The Rev. Henry Allen, New Salem pastor, said all church families, friends and the public are invited to witness the contest.

AUTOMOBILE STOLEN The car of Leonard Barrell, 3117 Maryville Road, was stolen from in front of his home, Merrell reported at 10:15 a.m. Tuesday.

Wilma June Marsh is bride-to-be

Mr. and Mrs. Eldon E. Stearns, 801 Illinois Ave., South Roxana, are announcing the engagement and forthcoming wedding of their daughter, Miss Wilma June Marsh, to Bill Brimm of Granite City.

A graduate of Roxana Community High School, the bride-to-be is employed at Owens Illinois Glass Co., Alton. Her fiancé is a son of Mr. and Mrs. James Brimm, 2212 Ohio Ave. He was graduated from Granite City High School and now works at Granite City Steel.

The engaged couple will be married on Oct. 14 at the Bethel Chapel Pentecostal Church, 25th Street and Ohio Avenue.

EUGENE L. AIASSI
Biography to appear

Chosen for
bicentennial edition

Eugene L. Aiassi, art education consultant for the Granite City School District, was nominated and has been selected by the Editorial Advisory Board of the American Biographical Institute to appear in the Bicentennial Memorial Edition (1776-1976) of community leaders and noteworthy Americans.

The edition will contain a cross-section of Americans from all walks of life who represent America's heritage in the years of 1976 and 1976, publishers of the volume said. Biographies appearing in the commemorative edition will be utilized by future historians to see America as it is in 1976-The United States Bicentennial Year—200 years after the nation was established, the editorial board noted.

Among those whose biographies will appear in the publication are civic leaders, businessmen and women homemakers, professional people, educators, government officials, the nation's 50 governors, U.S. senators and congressmen. A total of 6,000 names will be included in the volume.

Aiassi has served as an art educator in the Granite City School District for 26 years. He is a past president of the Illinois Art Association and a member of the National Education Association Art Division and the Metropolitan Center of the Arts. He was twice the recipient of the "Granite City Jaycees' Outstanding Young Man of the Year" award and has been listed in the International Biographical Dictionary, published in England, and the Dictionary of Creative and Successful People of the World. Aiassi originated and presented the annual Christmas gift wrapping and outdoor decoration show for the public for a period of 20 years and has served as sponsor, judge or coordinator for many poster contests, such as Hire the Handicapped, community Halloween window painting and poster contests, fire prevention, Granite City flag contest, posture and poppy poster contests, and similar events. He has been responsible for murals and other projects in the mayor's office at the City Hall in Granite City; St. Elizabeth Hospital pediatric department; Granite City High School, and Booth Hospital, St. Louis. Aiassi annually coordinates the "Acres of Art Show" at Granite City High School to benefit the art scholarship program of the Granite City Area PTA Council.

Personal shower for bride-elect

A personal wedding shower was given this week for Miss Nancy Bohnenstiel at the home of Mrs. Joy Bohnenstiel, 2724 W. 20th St.

Hostesses were Nancy Miller, Rachel Amelunke and Mrs. Bohnenstiel, all of whom will serve as bridesmaids at the wedding.

Games were played and prizes were awarded to the winners.

Guests included Heane Cripps and daughter, Karen Vicks, Kraus, Joann Svoboda and daughters, Carla and Jeanie; Marie Stroko and daughter, Annette; Kathie, Christine, Loretta and Danielle; Rose Hull and daughters, Marilyn and Angie; Sister Mary Margaret, and Donna Noel and son, Mike. The honoree will be married Aug. 24 at St. Peter United Evangelical Church of Christ to Russell Cripps.

SHED IS LOOTED

A tool shed at Rural Route Six, Box 160, P.O. Box 160, was opened, after a lock was cut from the door, and items worth about \$2,000 were stolen. Property taken, owned by Dave Young, 1415 Rhodes Ave., included a garden tractor, a lawnmower and assorted hand tools.

DEDICATION CEREMONY. Members of the Thorngate Garden Club dedicate a variegated maple tree at the Colonial Haven Nursing Home in honor of Mrs. Ida Hanfelder, in wheelchair, co-founder and charter member of the club, who resides at the facility. From left to right are Roger Hotson, administrator; Mrs. Clara Schillinger, Mrs. Betty King, club president; Mrs. Marilyn Deatherage, Mrs. Beulah Miller and Mrs. Lillian Delpis, who reads the poem "Trees."

Thorngate honors Mrs. Hanfelder

Mrs. Ida Belle Hanfelder, co-founder and charter member of the Thorngate Garden Club, was honored last week by club officers during a tree dedication ceremony at the Colonial Haven Nursing Home.

Mrs. Hanfelder, a long-time resident of Mitchell, presently resides at the nursing home. She was active for many years in community programs, youth projects, PTA work and the Thorngate club.

The tree dedicated by the club is a variegated maple. The tree was planted earlier on the lawn of the nursing home near the patio area.

Mrs. Betty King, Thorngate president, formally presented the tree to Roger Hotson, administrator of the facility, and paid special tribute to Mrs. Hanfelder.

The brief program also included a reading of "Trees," a poem by Joyce Kilmer, by Mrs. Lillian Delpis.

Others attending the ceremony were Mrs. Beulah Miller, Mrs. Marilyn Deatherage, Mrs. Clara Schillinger, Mrs. Jessie Irene Gall, a daughter of Mrs. Han-

felder, and Miss Cary Jo Delaloye, of Fountain Valley, Calif., a guest of Mrs. Miller. After the presentation several members visited Mrs. Mary

Markham, also a charter member of the Thorngate club, who is recuperating from surgery at Jewish Hospital, St. Louis.

MARRIED. Airman First Class and Mrs. Earl C. Lovejoy, who were united in marriage at the Church of Christ, 1536 Fourth St., Madison. She is the former Miss Linda Sue Pulley, a daughter of Mr. and Mrs. Charles E. Pulley, 2033 Sherman Ave.

Linda Sue Pulley and Earl Lovejoy are wed

The wedding of Miss Linda Sue Pulley, a daughter of Mr. and Mrs. Charles E. Pulley, 2033 Sherman Ave., and Airman First Class Earl C. Lovejoy, son of Mr. and Mrs. Earl H. Lovejoy, 2809 Edgewood Ave., took place on July 12 at the Church of Christ, 1536 Fourth St., Madison.

Performing the double-ring ceremony at 7 p.m. was the Rev. Jack Smith. The altar was adorned with bouquets of white carnations and greenery.

Barbara Glowacki presided at the organ and played "All My Life," "Theme from Love Story" and "The Wedding March." She also accompanied Joseph Fox as he sang "Always."

Given in marriage by her father, the former Miss Pulley was gownned in a full length dress of white sate peau

fashioned in a semi-Victorian style.

A self fabric ruffie defined the high neckline and was repeated on the molded bodice to form a "V" design. Her long full sleeves terminated at the wrists in a matching ruffie.

The slightly full skirt was made with a full flounce at the hemline, extending into a chapel train.

She wore a halo headpiece of lace to secure her shoulder length veil and she carried a bouquet of white carnations and yellow daisies.

The maid of honor, Miss Mildred K. Lovejoy, a sister of the groom, chose a long gown featuring a turquoise brocade bodice and floral skirt.

Long tapered sleeves were set into the Empire bodice, fashioned with a high neckline. Her bouquet was a combination of yellow carnations and white daisies.

The groom chose Dennis Asbek as his best man.

After the evening ceremony, guests were received at a reception in the church fellowship hall.

The newly married couple is now residing at 2029a Johnson Road, following a wedding trip to Pere Marquette Lodge.

Both are graduates of Granite City High School. The bride is employed at the First Granite City National Bank.

Her husband served 15 months with the Air Force and is now a member of the Air Force Reserve. He works at McDonnell-Douglas Corp., St. Louis.

Service family visiting here

Technical Sergeant and Mrs. Ronald Hoover and daughters, Alnee and Renee, are visiting his parents, Mr. and Mrs. Frank Hoover, 2911 Buxton Ave.

Sgt. Hoover recently graduated from a 10-month course at Aerospace School of Applied Sciences in Biloxi, Miss., and has been assigned to a base in Montana.

A 1960 graduate of Granite City High School, the serviceman has completed tours of duty in many overseas bases, including Anchorage, Alaska.

THE DODGE BOYS HAVE THE ANSWERS

JACK

JAN

BOB

MONCK

HERMAN

1. HIGH VOLUME? Yes, we are geared up to sell at high volume where you the buyer save \$\$\$ Remember, the dealer that sells high volume can sell at a much lower price.

2. LOW OVERHEAD? Yes, we are a low overhead type operation. We don't have a large group of people running over each other, and we don't have 4-inch carpeting in our show rooms. But we do have highly skilled sales personnel and a dog-gone good cup of coffee with which to sit down and talk.

3. GOOD SERVICE? Yes, again. Our service department doesn't have to take a back seat to anyone in town. Whether it's the personnel department or the equipment, they know what they're doing and have the tools to do it with. And everybody says Bill Piffner, our service manager, is the nicest guy around. In other words we're just friendly hometown folks down here who want to sell you a car, at the lowest possible figure, and then take care of Old Betsy after the sale.

COME SEE US AND SAVE!!

Seats available for opera trips

Several openings remain for three trips to the St. Louis Municipal Opera, sponsored by the Granite City Park District, Harold Brown, park superintendent, said today. Fourteen tickets are available for Tuesday night's (July 30) performance of "Gypsy," starring Angela Lansbury. Six tickets are left for "Bittersweet" with Roberta Peters on Aug. 13, and 33 tickets for the Moiseyev Dancers, the Soviet Union's leading folk dance group, Aug. 27. Information concerning ticket prices and transportation may be obtained by calling the Wilson Park office, 877-3059.

LOUNGE ENTERED
Two metal tables and 12 chairs, worth a total of \$180, were stolen from the Orchid Lounge, West Chain of Rocks Road and Maryville Road, it was reported at 10:30 a.m. Sunday. A window was pried open to gain entry to the tavern.

Grand Ole Opry trip

Reservations still are available for the Granite City Park District's weekend trip to Nashville, Tenn., in September, Harold Brown, park superintendent, announced this week. The trip to the Grand Ole Opry will take place Sept. 20-22. Cost of transportation by chartered bus is \$18.50 per person. Additional costs include \$5 for an "Opry" ticket and between \$22 and \$26 for two nights' accommodation. Price of the rooms varies depending on the number of occupants, Brown explained. Forty-five reservations have been secured, but the district has access to an additional 45 tickets, if needed, he said. Residents of the district will be given preference in booking for the trip. Last fall's excursion, the first to Nashville, proved "very successful," Brown noted, adding that most reservations were taken shortly after the Press-Record announcement. Information may be obtained and reservations may be made at the Wilson Park office, or by calling 877-3059.

Scott warning on hazardous shipments was ignored

Attorney General William J. Scott has predicted that the Decatur tank-car disaster of July 19 will keep repeating itself in Illinois "until we establish mandatory regulation for the storage, shipment and handling of hazardous substances."

Scott said he was shocked at the dimensions of the Decatur disaster and, at the same time, angry and deeply disturbed that during both the 1973 and 1974

legislative sessions, bills he drafted to require mandatory regulation of such hazardous substances "were twice bottled up and killed off by manufacturing interest and others."

"It's incredible," Scott said, "that this year those who testified against the bill (S. 1443) included the Illinois Environmental Protection Agency, the Illinois Department of Public Health and the Illinois

Department of Agriculture. "They argued that the bill cut into their jurisdictions. I now have to ask: What did their jurisdictions do to prevent the Decatur tragedy?"

Scott said that a week earlier, on July 12, he urged Dr. Richard Brice, director of the Illinois EPA, to work with the attorney general's office "at the earliest possible moment" to overcome the legislative gap

and jointly expedite rules and regulations to deal with the storage, shipment and handling of hazardous substances. In that letter, Scott said:

"I wish to express to you our serious and dedicated desire to proceed expeditiously to obtain the promulgation of hazardous substances regulations by the Illinois Pollution Control Board."

"As you know, to this end, I have already publicly announced my intention to provide through this office all necessary legal assistance to see that that job is done."

"It is my hope that my people can cooperate with the technically qualified members of your agency in deriving a regulatory presentation which can be made in the near future to the Pollution Control Board in this regard."

Scott said neither Dr. Brice nor the EPA responded to that communication.

He added that the legislature also has some accounting to do in this matter. He said:

"On June 11, it was apparent at legislative hearings on the bill that there was formidable opposition to the hazardous substance measure from both Illinois governmental agencies and manufacturing interests."

"On June 14, three days later, my office issued a legislative advisory statement warning that the bill 'is apparently doomed.' That advisory also went to the press, but there was little response or reaction that might have turned the opposition around."

"As early as March 26, and again on April 30, I issued lengthy statements emphasizing the need and urgency of this legislation. In one of those warnings, I noted:

"There is no way to forecast an accident which could threaten any segment of the population via toxic or explosive chemicals."

"But certainly we should be able to deal with the kind of immediate emergency with complete information on the nature of the chemical, its antidotes, and ways to reduce any potential threat in an emergency situation."

"Almost every major hospital in the state has a poison control center to deal with this problem when it happens in the home."

"It's incredible to think that the state of Illinois has not dealt with this threat from the standpoint of whole populations—large and small—who can be suddenly exposed to this kind of peril without

knowing what the chemical is or how to neutralize it."

Scott said during the weekend the tragedy at Decatur "was in a sense predictable" because of the lack of meaningful and mandatory regulation.

He recalled that, on May 4, as he addressed a statewide convention of the Illinois News Broadcasters Association in Springfield, he warned that such a tragedy could well occur at Tuscola, for example, because Tuscola was the destination of the silicon tetrachloride which escaped from storage tanks in Chicago in April and sent clouds of acid rain mist over a large sector of Chicago's southeast side.

Scott told the broadcasters that silicon tetrachloride could just as easily burst from a railroad tank car in shipment and devastate the entire community of Tuscola.

On Monday, July 15, a tank car filled with 100,000 pounds of the chemical did derail on Tuscola's east side and, while there was no rupture of the tank, the community was placed on an evacuation alert.

"The Tuscola derailment was just one more warning of a potential disaster, but no one was injured and therefore the matter did not alarm anyone greatly."

"Now, there are the shock waves of what has happened in Decatur. The question that confronts us all is, very simply: 'What are we going to do to prevent other 'Decaturs' from happening today, tomorrow or at any time in the future?'"

"Do we have to have disasters during legislative sessions to overcome the special interests and those who invoke jurisdictional myopia to achieve this kind of paralysis by analysis?"

"When I raised this concern two years ago, I thought everyone would understand the purpose and the urgency of these bills. Now a tragedy at Decatur brings home hard everything we've tried to do to prevent such a disaster."

"Those efforts failed and the people of Decatur are the latest victims of this indifference and senseless opposition by small-visioned agencies and individuals. I can only feel sad and angry that the state has not met its responsibility in this so urgent matter."

Basically, Scott's proposed legislation would have required those who manufacture, process or transport potentially dangerous chemicals to file that information with the state

GRANITE CITY PRESS-RECORD
Thurs., July 25, 1974 Page 35

Environmental Protection Agency, along with antidotes and emergency procedures to be used in the event of a major spillage or leak anywhere in the state.

Each registrant would have to "include, without limitation, the generic, physical and chemical composite of hazardous substances; the quantity and location thereof; at least one specific means, readily available, to counteract or neutralize the dangers presented" and such other information required to prevent a disaster in any community, large or small.

The bills would have given priority to:

- (1) Immediate pinpointing (via state registration) of all such facilities in Illinois which store, process or transport potentially dangerous chemicals.
- (2) A system of local emergency procedures based on the characteristics of the potentially hazardous chemicals.
- (3) The relay of that information to local police, fire and civil defense agencies.

Drowning now 3rd leading cause of accidental deaths

By JOAN MURARO
Press-Record
Springfield Bureau

Having a private swimming pool is, for many, the ultimate in being "in," but the fun goes out of a pool when it is the scene of a serious accident or, worse, a death.

Thirty years ago there were an estimated 2,500 private units in the nation—what film star could afford to be without one? Presently, there are well over a million such units—what motel, housing development, condominium or apartment complex can afford to be without one?

As the pools have increased, so have drownings. They are now the third leading cause of accidental death in the U. S., exceeded only by motor vehicle accidents and falls.

In addition to deaths, it is estimated that 100,000 persons are injured in pool-associated accidents each year, most of them children.

The 10 to 14 year age group seems to be particularly vulnerable to pool-associated injuries.

National studies have in-

dicated that most of the deaths and injuries in swimming pools result from lack of qualified adult supervision, absence of or inadequate protection systems, and the inability of the victims to swim.

The Illinois Department of Public Health, drawing on studies reported from Rhode Island, has issued some guidelines for keeping swimming pools the scene of fun, not tragedy.

First, the department recommends, children should never be allowed in a pool without adult supervision. Even temporarily unsupervised play may get too boisterous and result in dangerous slips and falls.

Youngsters not in the water may fall in trying to retrieve some toy object from a pool. And youngsters, not watched, riding wheeled toys such as wagons, tricycles and the like, may easily roll over the edge and into the water.

No one, including adults, should be swimming or working in a pool without another adult nearby, since even expert swimmers can be injured, or suffer cramps. Even good swimmers can drown.

Any home swimming pool should be fenced in by a wall at least six feet high, the department urges, with no lawn furniture or other movable items left outside the fence, since these can be used by youngsters to climb over fencing. Gates should be locked.

Pool decks should have depth markings indicating where it is safe to jump or dive, particularly if the pool has a diving board.

Persons using a pool regularly normally know the depth. But visitors invited to swim may unwittingly—and dangerously—jump or dive into

shallow water.

Most of all, every child should learn now, and when, to swim at the earliest possible age.

Red Cross chapters can provide parents with information about swimming instruction nearby.

Lastly, the department suggests that swimmers remember the old warning about swimming just after eating. It is recommended that the swimmer wait two hours after a heavy meal, and one hour after a light meal, before entering the water to swim.

ARRESTS AT SCHOOL

Warren Wayne Wagoner, 17, of 1214 Douglas Ave., Venice, was charged with attempted burglary and curfew violation when he and a 15-year-old youth allegedly were caught at 1:15 a.m. Monday by Madison police inside Dunbar School. Entry apparently was gained by breaking a window.

Oppose grain handling proposals

The Illinois Farm Bureau is opposed to an "11th hour" amendment to proposed air pollution regulations for grain handling and grain drying submitted by the Illinois Environmental Protection Agency.

The opposition was registered this month in LaSalle in the last of four scheduled hearings conducted by the Illinois Pollution Control Board.

At the heart of Farm Bureau's opposition is the EPA's proposed amendment which would require any grain elevator handling more than two million bushels of grain a year and located in any of nine metropolitan areas en-

compassing approximately 20 different counties to have air pollution control equipment to remove not less than 99 per cent of the dust or other matter that might be released into the air.

The Farm Bureau also objected to the fact that those subject to the regulation were not advised of the specific ramifications of the EPA's amendment prior to its submission July 9 at the Galesburg hearing.

The Farm Bureau participated in the joint EPA-grain industry task force which drafted the grain handling and drying amendments to the existing air pollution regulations.

Michael McCreery, assistant director of state legislation environment of the Illinois Farm Bureau, said in testimony: "The EPA's 11th hour proposal destroys its credibility in its relationship with those of us in the agricultural industry who have attempted to be a voice of reason and responsibility."

"We have attempted to cooperate with the agency in good faith and many times have defended the agency and the job it has to do. Yet we were not given the courtesy of even a hint that these proposed amendments were being readied."

McCreery charged that the EPA amendments were "hostile and secretly drawn, do not fit in with the proposal before the Pollution Control Board, and appear to be completely without factual or scientific basis or justification."

McCreery added, "How can you justify expensive air pollution control equipment on an elevator in Cropsey, 35 miles east of Bloomington, as a means of controlling pollution in Bloomington when the prevailing winds are from the west?"

"If the amendments as submitted by the EPA are adopted an untenable economic burden will be placed on some and in economic advantage given to others. When taken to the lowest common denominator, the EPA amendments state that grain handling facilities above a certain size and located in specific geographic areas are guilty of being significant contributors to air pollution."

"This approach of being guilty until proven innocent cannot be supported by the Illinois Farm Bureau."

At the LaSalle hearing, the EPA during four hours of testimony offered additional language and refinements to their proposed amendments. These additional amendments are being studied by the Farm Bureau.

PERFORMING IN WASHINGTON. The Concert Choral of Southern Illinois University at Edwardsville, under the direction of Leonard Van Camp, presented a special concert early this week in the grand foyer of the John F. Kennedy Center for the Performing Arts in Washington, D.C. The performance immediately followed the return of most of the chorus to the U.S. from a four-week tour of Europe, where the Choral was the first American singing group to win the Spittal International Choral Competition in Austria. Seventeen

members of the group were stranded in Luxembourg because of a strike in airline connections, and they flew directly to St. Louis Sunday night. Other members of the Choral also returned to the SIUE area Sunday night. The concert in Washington was one of the "showcase presentations" being sponsored this summer by the Alliance for Arts Education, a joint project of the Kennedy Center and the U. S. Department of Health, Education and Welfare.

Belleville Area College registration schedule; fall term opens Aug. 26

Registration for the fall semester of Belleville Area College will be held at the main campus, 2500 Carlyle Road, Belleville.

Individuals who have never attended Belleville Area College and former students who have not attended BAC since before the summer of 1973 must first apply for admission or readmission.

Students who attended Summer '73, Fall '73 or Summer '74 will not need to reapply for admission and may register: Aug. 19 and 20 from 9 a.m. to 4 p.m., and Aug. 21 and 22 from 9 a.m. to 8 p.m.

New and former full-time students who have applied for admission or readmission and have been accepted will register Aug. 19, 20, 21 and 22 according to priority assignments issued at the time of counseling.

Applications are available in the Admissions Office, 2500 Carlyle Road, Room A16, Belleville, and will be mailed upon request.

To facilitate registration, this office will accept applications through Aug. 9. Those unable to meet this deadline should return their applications on the days of registration from Aug. 19 through Aug. 22.

Appointments to talk with counselors may be obtained by calling the college, 235-2700, Extension 206.

All day students must take placement tests in mathematics and English. These tests will be administered on Friday, July 28, at the main campus from 9 a.m. to 12 noon.

Registration for students who attended the Belleville Area College spring semester 1974 and are returning for the fall semester 1974 will take place Aug. 12, 13, 14 and 15 according to alphabetical position or surname as indicated below:

Monday, Aug. 12, E-G, 1 p.m. to 3 p.m.
Tuesday, Aug. 13, H-J, 9 a.m. to 12 noon and K-N, 1 p.m. to 3 p.m.

Wednesday, Aug. 14, O-R, 9 a.m. to 12 noon and S-V, 1 p.m. to 3 p.m.
Thursday, Aug. 15, W-Z, 9 a.m. to 12 noon and A-D, 1 p.m. to 3 p.m.

Evening registration for students who attended Belleville Area College in spring 1974 is as follows:

Wednesday, Aug. 14, M-Z, 3 p.m. to 8 p.m.
Thursday, Aug. 15, A-L, 3 p.m. to 8 p.m.

Evening registration for new and former students is as follows:
Wednesday, Aug. 21, M-Z, 3 p.m. to 8 p.m.
Thursday, Aug. 22, A-L, 3 p.m. to 8 p.m.

Students who cannot report for registration at the time indicated may register with any later group but not with an earlier group.

Tuition and fees must be paid at the time of registration. Registration will not be considered complete until all tuition and fees are paid. The schedule of fees:

Tuition: Resident students—\$8 per semester hour.
Non-resident students—\$8 per semester hour with Letter of Authorization, \$27.50 per semester hour without Letter of Authorization.

Out-of-state students—\$45 per semester hour.
Activity Fee: \$12 (for students who are enrolled in 12 semester hours or more).
Student Union fee: \$3 (for students enrolled in 12 semester

hours or more); \$2 (for students enrolled in less than 12 semester hours who are taking one or more classes at the main campus).
Lab fees: Listed in the Fall Schedule of Classes (vary from \$10 to \$100).
The Fall Schedule of Classes is available at the main campus, Room A165, Office of Admissions.

Classes for the fall semester of 1974 will start on Aug. 26. The semester will end on Dec. 20.

Joy Singers at Calvary Baptist
The Joy Singers, a gospel group of about 25 members from Mary Ann Baptist Church, St. Louis, will appear at Calvary Baptist Church, 30th Street and Washington Ave., at 7 p.m. Saturday.

Brooks Holder, the former musical director at Calvary Baptist, is director of the singing group. The appearance is open to the public.

Was Burditt inept in challenging Stevenson on financial disclosure?

By LESTER BELL
Press-Record
Washington Bureau
Republican senatorial candidate George Burditt or his staff didn't do their homework when they tried this month to use financial disclosure as an issue against Sen. Adlai E. Stevenson.

The incumbent Democrat has no patent on financial disclosure, but Stevenson takes pride in the fact he started the practice when he was state treasurer of Illinois and was the first elected statewide official to do so.

He and his aides were shocked by a Burditt press release of July 1 "challenging" Stevenson to lay bare his past and current campaign finances as he (Burditt) had done.

Although publicly Stevenson's office has been mum, an inference raised by Burditt was

particularly galling. "I assume that Senator Stevenson has nothing to hide, either in his current campaign or in his 1970 campaign," Burditt said.

"If that assumption is correct, there's no valid reason for him to fail to reveal his honorariums and contributions of money or services in full. I invite him to do so without delay."

Burditt is a little late with his invitation. The Senate has long since anticipated him.

Senate Rule 44 requires senators, candidates for the Senate and Senate employees with salaries of more than \$15,000 a year to file a confidential statement of financial interest with the U.S. comptroller general by May 15.

They are also required to send along a copy of their federal income tax return for the previous calendar year.

Senate rules, Rule 42 and 44, require them also to file an annual statement of contributions and honorariums with the secretary of the Senate. These reports are open to the press and public.

Senate Rule 41 requires an annual statement of personal service activity or employment. In addition to filing these required reports, Stevenson has continued his practice of voluntary disclosure of his

personal economic interest. He has done so since his election to the Senate and updates them quarterly. They are published in the Congressional Record and also are available for inspection in his office.

Stevenson's personal

financial statements have appeared in these issues of the Congressional Record: Feb. 5, 1974, Page 5292; Jan. 31, 1973, S.1699; Feb. 8, 1972, S.1356; and April 7, 1971, E.2970.

The Federal Election Campaign Act of 1970 requires reports of campaign con-

tributions and expenditures at regular intervals. They are available for inspection by press and public in the office of the secretary of the Senate.

The June 10 reports, the latest, for Burditt and Stevenson personally show no receipts or expenditures

because both men are letting their committees handle the finances.

For the period March 8 through May 31, 1974, the Burditt for Senate Campaign Committee summary report page shows total receipts of \$75,672.65 and total ex-

penses of \$80,994.94.

For the same period, the Citizens for Stevenson Committee reports total receipts of \$114,282.58 and total expenditures of \$117,101.19.

Although the reports required by law require no itemization of contributions less than \$100, the Stevenson committee keeps them available for inspection.

Stevenson legislation passed by the Senate and pending in the House would provide for mandatory annual disclosure of income and taxes paid.

Although this is not yet law, Stevenson has disclosed data on his income and taxes paid as

part of his voluntary financial statement.

Stevenson, in addition, has adopted a key provision of pending campaign reform legislation to limit individual contributions to his campaign to \$3,000 and spending to 12 cents per voting-age resident.

Burditt's July 1 press statement appears inept enough, but he, a lawyer, clearly compounded the error when he had to admit in a Chicago news conference on July 11 that he failed to file the required May 15 report with the U.S. comptroller general.

"Nobody told us," said a Burditt press aide.

Record quarter for Amsted

Amsted Industries, Inc., owner of the American Steel Foundries plant in Granite City, earned \$15,178,000 in the nine months ended June 30. This was 45 per cent more than \$10,503,000 a year ago.

Earnings per share of \$.63, were up 48 per cent from \$.31 last year. It was announced Monday in Chicago.

The 1974 figures include an extraordinary gain of \$941,000 or 35 cents per share, resulting from the liquidation of an Australian investment. Sales in the nine months amounted to \$343,371,000, up 24 per cent from \$276,046,000.

Net income in the quarter ended June 30, 1974, including the extraordinary item, amounted to \$4,728,000 compared to \$4,728,000 a year ago. Per share earnings increased to \$2.99 from \$1.72.

Sales in the quarter of \$131,223,000 were up 26 per cent from \$104,503,000 in the comparable period last year.

Goff Smith, president, and Joseph B. Lanterman, chairman, said, "The elimination of price controls permitted the implementation of more

realistic prices to offset higher costs."

"This resulted in improved profit margins in the June quarter, and both sales and earnings were the highest for any quarter in the company's history."

The Amsted executives noted that the rising demand for Amsted's products resulted in higher sales for both the quarter and year to date. The largest increase was in shipments of railroad products.

There also was a sizeable increase in sales of general industrial products. Shipments of construction products

declined slightly.

Amsted's backlog of unfilled orders at June 30 was at an all-time high of \$308,000,000, compared to \$127,000,000 a year ago and \$151,000,000 at the beginning of the fiscal year.

The largest increases in backlog were in orders for components for new freight cars.

In the past several months, most of our operations experienced some shortages in raw materials and supplies," Smith and Lanterman reported.

They noted that the adverse effect of such shortages on Amsted's results has not been

significant to date, nor is it expected to be significant in the balance of the fiscal year.

It is anticipated that sales and earnings in the last fiscal quarter will exceed those in the corresponding period a year ago. This would result in further record year for Amsted that would be substantially above last year's record high.

Additions to fixed assets were \$8,876,000 in the first nine months and are expected to amount to about \$14,000,000 for the entire 1974 fiscal year.

The total debt at June 30 amounted to \$4,000,000, down \$6,000,000 from a year ago.

Inflation boosts taxes, state fund balance up \$67 million

State government took in \$67 million more than it spent for its day-to-day operations during the fiscal year that ended June 30, Comptroller George W. Lindberg said in his monthly report on the state's financial health.

The state's revenues increased 13 per cent during the just-ended 1973-74 fiscal year, a \$4.7 million rise above revenues to the general operating funds during 1972-73, Lindberg said. Spending rose \$350 million, or 8.1 per cent.

"Despite increased spending, the state remains in sound fiscal health," Lindberg reported.

"I stress that the past year's budget in taxes paid by the citizens is due to the ex-

traordinary inflation in the 12-month period. But there is another side to the inflationary situation."

"Inflation created added problems in state financial management. Costs of services and goods purchased by state government are on the rise."

"There is pressure for state employee pay raises, pressure to increase public aid, pressure to provide health care at higher cost for low-income families. These pressures have been reflected in higher appropriations passed by the legislature."

"The current economic outlook is for continued high inflation through the next 12

months, but I expect that spending will also rise and that will be likely to draw down the balance in our general operating funds."

The general fund balance to end 1973-74 was \$454 million, compared to the \$387 million balance a year ago.

Sales tax receipts increased by almost 18 per cent, spurred by higher cost of food and gasoline. A 7 per cent yearly growth is considered normal.

Income taxes paid by individual taxpayers rose 13 per cent, or \$140 million, over last year, the highest yearly increase since the tax was enacted in 1969.

On the spending side, Lindberg said, the largest increase occurred in public aid grants. Public aid spending was up \$203 million over 1973, despite attempts to cut ineligibles from welfare rolls, and despite the assumption by the federal government of payments to the aged, blind and disabled in January 1974.

Regarding the state's daily operations, spending was held to a relatively small increase of 3 per cent, Lindberg said. Revenues from state sources totaled \$6.6 billion in July 1973-June 1974.

AUTO DAMAGES SHED

A man driving a white auto struck and damaged the door of a soda storage shed at the Clark Service Station, 20th Street and Madison Avenue, used profanely to the attendant and drove away, the station operator reported at 7 p.m. Friday.

OPEN MONDAY & FRIDAY 'TIL 8:30 P.M.

Your choice of in-dash AM/FM with 8-track or cassette

for only \$99.95

At CMC, we like to make a special purchase which offers you good equipment at a low price. Here's two special purchases we're especially proud of...in-dash AM/FM with either 8-track or cassette.

Recently, we bought a special shipment of the 8-track...sold 2,000...and discovered just how good J.I.L. equipment really is. So we bought up the entire U.S. inventory of the 8-track and also made a special purchase of the cassette (which we usually sell for \$139.95)...So you can have your choice of either for \$99.95. This is what you would usually pay for just the stereo radio!

We've found that J.I.L. builds power and rugged performance into each system. "Road and Track" (Feb. 1974) raved about their superb AM/FM reception...and they were right. They both have an illuminated dial pointer (on FM stereo), are completely vibration-proof, and are powerful enough to drive any speaker on the market. The 8-track has a switch for program repeat, and the cassette features fast forward and a front panel eject button.

If you're unsure, our audio specialists can help you determine which system is best for you. And, if you like, CMC offers complete, professional installation (available until 9 p.m. weekdays and 6 p.m. Saturday).

Tax refunds available but 433 owners missing

About 433 central and southern Illinois taxpayers have undelivered refund checks waiting for them at the Internal Revenue Service.

Any taxpayer who has not yet received his refund should call or visit his local IRS office as soon as possible, Leon C. Green, district director of Internal Revenue for central and southern Illinois, explained.

The dollar value of the undelivered refund checks is \$100,158, for an average refund of \$231. The most common

reason for an undelivered check, according to Green, is that the taxpayer has moved and left no forwarding address with the U.S. Postal Service.

In cases where the taxpayer suspects his check may have been lost or stolen, Green urges the person to get in touch with his local IRS office as soon as possible so that the IRS can put a tracer on the missing check.

Some refunds may have been delayed because of errors or omissions on tax returns. Taxpayers affected should

follow the instructions received from the IRS in order to speed up issuance of their checks.

The director stressed that in all refund inquiries to the IRS, the taxpayer should be prepared to provide the name and address as it appeared on the return, the actual name and address if different, the social security numbers, and the type of form filed.

While the IRS can remain an undelivered check within a few days to the new address, Green explained that after Oct. 1, all

\$100,000 suit

Donald Welborn has filed a suit seeking \$100,000 from the Terminal Railroad Association of St. Louis in Madison County Circuit Court.

Welborn alleges that on Dec. 9, 1973, while he was employed as a yardmaster at the Madison Yard, he was severely injured while attempting to prevent a train derailment.

Undelivered refund checks are cancelled. The IRS must follow a more time-consuming procedure to issue checks in response to inquiries received after Oct. 1.

Final budget total \$6,339,525; aldermen cite impact of inflation

A record budget of \$6,339,525 for operation of the Granite City municipal government for the 1974-75 fiscal year was approved by the Granite City Council on a 10-1 vote Monday night after the aldermen made only one change in the proposed document.

The council at the previous two meetings had voted to include in the budget funds from federal revenue sharing for

sidewalks in each ward.

At Monday night's meeting, Alderman Sam Whitmer of the Second Ward noticed that a \$10,000 appropriation approved for his ward had been left out of the budget.

Members of the finance committee, which prepared the budget, immediately apologized for the oversight and added \$10,000 to the federal revenue sharing budget for the fifth

entitlement period, which begins in November. The addition increased scheduled federal revenue sharing expenditures for the fiscal year to \$1,096,834.

The total of general fund and separate tax levy budget accounts approved was \$5,242,691, which was not altered by the council.

The combined budgets are \$739,302 higher than last year's overall appropriation.

The budget predicts a deficit during the year of \$795,000 to \$810,000, depending on the amount of taxes collected and other income.

Mayor Paul Schuler commented that, despite the deficit, the city's financial condition is not as bad as it would have been without federal revenue sharing.

"The \$1,096,000 revenue sharing amounts to the frills in the budget," he said.

"It's very possible that in one more year—there are people now in Congress trying to get control of revenue sharing—that we will be completely wiped out if revenue sharing is knocked out or diverted," the mayor said.

"Personally, I don't see, without revenue sharing, how in the world we could have made it up to now," he added.

Schuler urged as many persons as possible to write Senators Adlai Stevenson III and Charles Percy and Congressman Melvin Price and urge them to fight any efforts to halt revenue sharing distributions to cities and townships.

He said the letters, when possible, should point out some of the problems the city has experienced.

"I don't see how we can make it if we go on without revenue sharing," he concluded.

Alderman Gerald Parnley of the Sixth Ward suggested that the city council, representing all the people of Granite City, approve a resolution urging federal legislators to fight to continue revenue sharing.

City Attorney George Filcoff was requested to prepare such a resolution, and Schuler also asked the aldermen to write individual letters and to urge persons in each ward to write.

The new budget, which covers the period retroactive to May 1, appropriates \$605,556 for the fire department, \$18,000 for fire hydrant rental, \$76,000 for lighting of streets and alleys, \$45,000 for repair and operation of pumping stations and \$455,751 for the street department.

Also, \$26,899 for the city engineer's office, \$122,622 for maintenance of arterial streets, \$115,071 for legislative expenses, \$36,209 for executive expenses, \$37,759 for the treasurer's office, \$32,442 for legal services, \$49,245 for city hall maintenance, \$31,654 for air pollution control and \$35,700 for federally funded programs, excluding revenue sharing.

The police department appropriation totals \$739,123, and another \$200,000 was earmarked for payment of judgments against the city.

\$45,000 was set aside for workmen's compensation insurance, \$22,854 for the inspection department, \$356,259 for sanitation, \$15,000 for elections and \$35,529 for the humane department.

Also appropriated were \$20,000 for contingencies, \$15,014 for city planning, \$23,896 for school crossing guards, \$385,193 for operation of the secondary sewage treatment plant, \$16,000 for civil defense, \$275,393 for maintenance of sewers, \$79,363 for operation of parking meters and \$110,000 for the Illinois Municipal Retirement Fund.

Other appropriations included \$223,482 for firemen's pensions, \$161,946 for police pensions, \$5,000 for audits,

\$1,000 for the Neighborhood Youth Corps, \$1,000 for a student intern grant.

Also, \$154,000 for general obligation bond payments, \$50,000 for a traffic engineer, \$20,000 for outside police work (reimbursable), \$200,000 for the public library system, \$7,700 for an insurance contingency for retired employees (reimbursable), and \$15,000 for public liability insurance.

Federal revenue sharing funds were budgeted by entitlement periods. Funds from the first period were in the last fiscal year.

Appropriated for the second period was \$184,466; for the third period, \$165,422; for the fourth period, \$225,699; and for the fifth period \$221,225.

Revenue sharing will include some new sidewalks in each ward; new vehicles and radios for the police, inspection, fire, street and sanitation departments; stormwater drainage; sanitary sewer repairs; and \$109,411 for construction of a new fire station.

Parnley, chairman of the finance committee, thanked City Treasurer Paul Rutledge and City Clerk Robert W. Stevens for their help and the help of their employees in preparing the budget.

Prior to adoption of the budget, Parnley commented, "It may be a record budget dollar-wise, but I don't know anyone saying this is a record year."

"Inflation has hit the city, too, and our people also have to live."

"I'm not ashamed of anything in this budget," the alderman told the council.

"The department heads have all taken a hit on the head on the budgets. There have been increases in garbage collection, cars, wages and so forth."

"I won't take a backward stand in voting for this in its entirety," Parnley concluded.

Alderman Everett Morlen of the First Ward agreed, saying, "I vote 'yes' because of the raises and because everything is going up. I don't see how we could help going up."

"With everything going up, I think we held the line pretty good," Schuler commented. "I do, too."

The only negative vote was cast by Alderman Walter Nann of the Fifth Ward who said he had sent the finance committee a suggested list of cuts and none of them had been considered.

Parnley answered that the finance committee had not received such a list.

Nann commented on the increase over last year's budget. "The \$796,000 over last year's budget is a terrific change. These little homeowners are having a heck of a time now."

"When you pass your tax levy, that's the thing that's going to determine how much you're going to spend."

Voting in favor of the budget adoption were Aldermen Morlen and William Dallas of the First Ward, Sam Whitmer and Frank Greenwald of the Second Ward, R. E. Robertson and Claude Green of the Fourth Ward, Parnley and Earl Baker of the Sixth Ward, Emerald Daves and Ronald Coleman of the Seventh Ward.

Aldermen absent were Clyde Boyd and Roy Poulos of the Third Ward and Steve Basarich of the Fifth Ward.

MISSIONARY SOCIETY HOLDS JULY PROGRAM
The Ladies' Missionary Society of the Cedar View General Baptist Church met for its July program. The business session was conducted by the vice president, Mrs. Gladys Crump.

The inspiration was given by Mrs. Jewel Black. Mrs. Ruth Clifton, spiritual life chairman, gave the devotional. The lesson, "God works through me in nursing home visitation," was given by Mrs. Pat Dickerson.

A fellowship hour was held at the end of the meeting. Refreshments were served to those mentioned and Mrs. Christine Williams; Mrs. Leodene Stallings; Mrs. Betty Smith; Mrs. Sue Stinson; Mrs. Jennie Hickerson; Mrs. Marie Shelton and guests; Mrs. Shirley Burns and children; Mona, Vicki and Gail.

+++
The Rev. and Mrs. Rudolph Hickerson had as house guests Mrs. Shirley Burns and daughter, Mona, and nieces, Vicki and Gail, former parishioners of Rev. Hickerson from Rural, Mich.

+++
Mr. and Mrs. Ernest Sparks of Charleston, spent the weekend with her mother, Mrs. Ruth Gorrell.

Navy Mothers 'thank' ROCA

The Quad-City Navy Mothers Unit 850 donated a gift to the ROCA Young Men's Club for assistance provided by the Granite City youth group to Navy Mothers' members during the Fourth of July celebration at Wilson Park.

The gift was voted at a meeting last week at the VFW Hall, conducted by Mrs. Margaret Mizes, commander. Other donations were authorized to the Ship Hope project, \$25; and the Navy Mothers' national convention, \$10.

Seventeen members and guests, Mary Miller, Rebecca and Virginia Rodgers and Genevieve and Patty Williams, attended the meeting.

In the social hour, Mrs. Stella Miller, Mrs. Hazel Jones and Mrs. Della Rabb, hostesses, served refreshments. Prize winners included Mrs. Norma Hemphill and Mrs. Juanita Williams.

SALES TAX ALLOTTED
A state sales tax allocation of \$72.94 for the month of April has been made to Madison County for its unincorporated areas, according to a notice received last week by the county from the State Department of Revenue.

Brice-Kite wedding

Miss Debra Sue Kite became the bride of Michael T. Brice in a double ring ceremony at 4:30 p.m. on July 3 at Suburban Baptist Church, 2500 St. Clair Ave. The Rev. Wendell Garrison officiated.

The bride is a daughter of Mr. and Mrs. Homer Kite, 3612 Kirkpatrick Homes. Mr. and Mrs. M. T. Brice, parents of the groom, reside in Vancouver, Wash. Following the private

ceremonies, attended by close friends and relatives, a reception was held in the home of the bride's parents. The former Miss Kite attended Landsdowne Junior High School in East St. Louis. The groom, a U.S. Army veteran, attended Orchard Washington Schools.

Guests attending included Mr. and Mrs. Harold Kite, John and Homer Kite Jr., Mr. and Mrs. Don Doty, Mr. and Mrs. James Kite, Mr. and Mrs. Terry Bates, Mr. and Mrs. Robert Bates, Mr. and Mrs. Ronald Bates and Mrs. Noble Thompson.

WATCH, RING STOLEN
Mrs. Pauline Thomas, 2306 E. 20th St., reported Friday the theft of a gold watch, valued at \$200, and a jade ring. The jewelry was taken from the home the previous night while the family was outdoors watching a fire at a nearby house.

Stucke, president of the Granite City Board of Education. (Press-Record Photo)

Boost repayments for school meals

The U.S. Department of Agriculture (USDA) has increased its rates of payment to state educational agencies to assist schools taking part in the National School Lunch and School Breakfast programs.

The increases, which are in effect through Dec. 31, were announced by USDA's Food and Nutrition Service (FNS) to implement the provisions of Public Law 93-150, passed in November 1973.

It provides that payment rates for school lunches and breakfasts be adjusted twice each year, in line with changes in the "food away from home" series of the U.S. Department of Labor's Consumer Price Index (CPI).

This is the second such adjustment and, as provided by law, it reflects changes in the CPI for the period, December 1973 to May 1974.

During that period, the series increased 4.94 per cent, and the lunch and breakfast rates announced today approximate that amount of increase, rounded off to quarter-cent intervals as provided by law.

In the National School Lunch Program, the national average payment to states for their use to assist local school authorities help defray food costs of each lunch served to participating children will be increased a half cent, from 10.5 cents to 11 cents.

Within that average, states are authorized to vary the rate of reimbursement to individual schools, subject to certain conditions, up to a maximum of 17 cents a lunch. Previously the ceiling was 16.5 cents.

The additional guaranteed average payment to states to assist local schools in the service of lunches to needy children will be boosted 2.25 cents—to 39.5 cents for each reduced-price lunch and to 49.5 cents for each free lunch.

The maximum reimbursement which states can pay to individual schools on free lunches is increased 2.75 cents.

It can range as high as 65.5 cents for a reduced-price lunch and as high as 75.5 cents for each lunch served free.

The national average payment to states for a free breakfast, which has been 6.5 cents, will be increased to 6.75 cents. The additional average payment to states for each reduced-price breakfast, which has been 15.75 cents, will be increased to 16.5 cents.

The additional average payment to states for a free breakfast, which has been 21 cents, will be increased to 22 cents.

For cases of severe need, maximum rates of reimbursement remain at 40 cents for reduced-price breakfasts and 46 cents for free breakfasts.

Nostalgia makes Gov. Stratton look good—or is it our poor memories?

By KEN WATSON
Press-Record
Springfield Bureau

The nostalgia craze has reached the Statehouse.

It is reflected in a frequently heard comment: "Remember when Stratton was governor?"

All of a sudden, it seems, William G. Stratton is acquiring a status and popularity denied him when he served as governor from 1953 to 1961.

The Stratton Statehouse situation appears to be similar to what is going on across the country. Americans this turbulent summer are clearly looking back with envy to what they now recall as the comparatively calm, placid and happy days of the 1950s.

In Illinois, and especially in Capital City, the nostalgia for the Stratton years as governor is deepened by a cynical weariness over the daily shortcomings of state government — and especially the confused and rudderless recently-concluded session of the legislature.

Many veterans at the Capitol fondly recall that legislative sessions under Republican Stratton were more orderly, usually ended on time, and completed a long list of supposedly substantial achievements.

"Stratton," commented

current Secretary of State Michael J. Howlett to lunchtime friends, "is looking better all the time."

Howlett's comment is significant for several reasons. He is not only recognized as one of the best authorities on the workings of Illinois state government, but the last election Howlett lost was to Stratton for state treasurer in 1950. However, they have always maintained a friendship.

Some career workers in state government increasingly point to the Stratton administration as years of accomplishment unmatched by his successors.

Immediate successor Democrat Otto Kerner was highly popular, but his accomplishments as governor were far fewer than Stratton's.

In politics, Kerner was also overshadowed by Chicago Mayor Richard J. Daley, whom he recognized as Illinois' top Democrat.

Republican Richard B. Ogilvie compiled a remarkable record, but the income tax decision limited him to a single four-year term.

This brings us to Democrat Gov. Dan Walker, and the contrast between his administration and Stratton's is vivid.

Stratton during his first year

and a half as governor "ran a tight ship" governmentally and politically. He "got things done."

Walker has failed to provide decisive leadership, and has been partly responsible for the greatest division and factionalism in the Democratic party in 10 years, some contend.

Stratton was probably the last Illinois governor who surrounded himself with an office staff that worked well not only with party politicians but also with the legislative leaders, individual legislators and the public in general.

Stratton's was the last state administration composed basically of practical politicians and persons who had come up "the hard way" through lesser offices or by working in grassroots politics.

After Stratton came the era of the political scientist theory, the army of legislative "staff aides," public relations manipulators, the "image makers" and a whole variety of various "experts."

This steady proliferation, observers at the Statehouse feel, is the chief cause for floundering of the legislature and the lack of orderly procedure in state government as a whole.

Nobody ever talked or thought for Stratton. He did that

himself.

He was truly "the boss."

Unlike today, when top aides of the governor are verbally bashed about as often as the governor himself, the blame or credit for what was transpiring in the administration was directed almost solely at Stratton.

That probably accounts for the fact that — although recognized as a good governor — he never attained a high degree of personal popularity.

Stratton's stature has risen as that of his successor, Kerner, has declined. Kerner won heavily over Stratton in 1960 largely because he was accepted as a "Mr. Clean" in politics.

But Kerner's conviction in the racing stock case has altered his reputation.

Stratton had legal aid image problems, also.

Stratton won acquittal on a federal income tax charge in 1965 after a long and costly legal battle. However, he had to make some substantial payments in back taxes as a result of civil proceedings.

But judging strictly on visible performance in office, Bill Stratton could make a claim to being one of the most effective governors Illinois has ever had. His admirers are doing just that, during the mid-1970s nostalgia wave.

Taxes not set by assessors

Granite City Assessor Von Dee Cruse told the Granite City Optimist club in the YMCA that the assessor does not determine the amount of taxes. He noted that the tax district budgets and spending determine what the taxes will be, up to legal limits.

Cruse explained that when a building permit is issued for a room addition or other improvement, it does not automatically increase taxes. He said that frequently improvements are not made until some time after the permit is issued.

The club voted to donate \$1,000 to the Cahokia Mound Boy Scout Council and \$870 to the local YMCA from the proceeds of the 1973 Camelot auction.

Mayor Paul Schuler will be the guest of Optimist Paul Rutledge and discuss the city's achievements and problems this week.

On Thursday, Aug. 1, the Rev. Roy Baugh of Niederrhousen Methodist Church will talk about his trip to the Holy Land, and a musical program by Norbert Krause and Kathy Darr will be presented on Thursday, Aug. 8.

Seek extension of Jefferson National Expansion Memorial to Illinois side

Rep. Melvin Price (Dem., 23rd Ill. District) has urged the National Park Service to expedite approval of a proposal for extension of the Jefferson National Expansion Memorial to the Illinois side of the river.

The Congressman is sponsoring a bill in the House of Representatives to authorize the secretary of the Interior Department to designate and acquire property in Illinois to become part of the memorial site, now centering at the St. Louis riverfront.

In conjunction with this legislation, Booker and Associates of St. Louis has completed a proposal for the Illinois bank extension. The proposal was forwarded to the National Park Service Denver Service Center for evaluation and editing.

Rep. Price told the manager of the Service Center that he is "interested in seeing this process completed as soon as possible so that the legislative machinery can move forward with my bill."

"Since the National Park Service worked closely with Booker and Associates during the preparation of the proposal," he said, "expeditious handling of the matter seems justified."

+++
Congressman Price is con-

ducting a survey of local governments in his district to determine their reactions to the federal revenue sharing program.

The purpose of the program, which began in 1972, is to return to state and local governments over \$20 billion during the five-year period covered by the act. Congress must vote on continuation of the program next year.

Price asked the local-level officials for their comments on: (1) continuation of the program; (2) existing limitations on expenditures of program funds; (3) elimination of the prohibition against using revenue sharing funds as a source of required matching funds for federal grants; (4) use of program funds to reduce taxes; and (5) any other proposed modifications in the program.

When the survey results are received and tabulated, Price will report them to the House Ways and Means Committee.

Over 100 localities in Price's district have been receiving payments under the present program.

+++
On the House floor, Rep. Price spoke in favor of financial aid to Amtrak, the nation's passenger rail system.

While noting several

problems encountered by Amtrak in its four-year existence, the congressman concluded that "Amtrak has the potential to succeed" and can "become the equal of any other national rail system."

Rep. Price said intercity mass transit is essential in view of the nation's energy situation.

+++
Rep. Price has been assured by the Federal Highway Administration that a railroad relocation project in East St. Louis will go forward in a manner consistent with Congressional intent.

In 1973, Rep. Price sponsored language in the Federal-Aid Highway Act authorizing the secretary of transportation to "enter into such arrangements as may be necessary to carry out a demonstration project in East St. Louis, for the relocation of rail lines between 13th and 43rd Streets."

Price this summer received indications that the FHWA was proceeding with studies to determine whether the project is feasible, an objective the local congressman sees as inconsistent with the statutory language.

"I do not believe the studies should have as their object a determination of feasibility," Rep. Price wrote FHWA Administrator Norbert

Tiemann last month. "The intent of Congress is that the project be constructed, not that its feasibility be studied."

Tiemann replied that "our intentions with regard to the demonstration project are fully consistent with the intent of Congress, as well as with the views expressed in your letter."

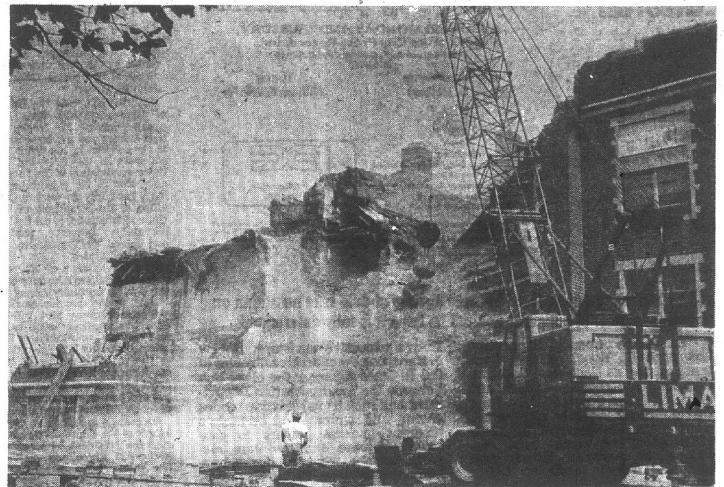

Purpose of the studies, said Tiemann, "is to determine what alternative schemes are available for advancing the project, including the one which offers the most feasible solution."

Railroad overpasses are tentatively slated for construction at 43rd and Missouri Avenue, 39th Street and Bond Avenue, and 22nd Street and Missouri Avenue in East St. Louis.

POWER CUT, HOME IS BURGLARIZED

Power and telephone lines were cut and a window was broken at the rear of the Sylvester Walker dwelling, 904 Jefferson St., Madison, in a burglary reported at 4:50 p.m. Saturday.

Taken from the house were an air conditioner, washer, drier, portable radio, five pairs of slippers, electric can opener and a tool box and assorted tools; the tools were valued at \$300.

SCHOOL WALL COLLAPSING along the front of Central School as a crane repeatedly strikes the brick

structure with a "headache ball." This photo shows progress through Friday afternoon.

(Photo-Record Photo)

Delay pay plan

A plan to switch future Madison County Board members from the present per diem pay to a flat salary has been held in committee until more questions are answered.

Members presently receive \$40 per day of work in which they attend either a county board meeting or a committee session. They also receive 15 cents per mile driving to and from each meeting.

Last year, the plan cost about \$190,778, including related expenses of the auditor's office.

Under the new plan, 28 board members would receive a \$6,000 annual salary. Questions have been asked whether the salary would discourage members from attending meetings and whether the figure would affect unemployment compensation for board members now out of work due to strikes, or those who receive salaries from civil service programs.

Proponents say it would cost the county \$188,000 per year, a saving of almost \$25,000.

Nursing School grants

The School of Nursing at Southern Illinois University at Edwardsville has been awarded three grants.

The National Institute of Mental Health made a grant of

\$16,727 for the purpose of training undergraduate psychiatric nursing students.

This is the eighth consecutive year the Psychiatric Nursing Training Branch of the Institute has provided such funds to SIUE's nursing program. The grant will be administered under the direction of Doris Bell, assistant professor of nursing.

SIUE also has been awarded additional funding of \$7,305 for student loans and \$26,000 for scholarships under the Nursing Student Loan and Nursing Scholarship Program at the university, according to Lucille McClelland, dean of the School of Nursing. The awards were made by the Bureau of Health Resources Development.

Grant for science laboratory

Southern Illinois University at Edwardsville is the recipient of a \$6,800 grant from the National Science Foundation (NSF) for an Instructional Scientific Equipment Program (ISEP).

According to Tom Baldwin, professor of physics and director of the two-year grant, a like amount will come from the University to supply scientific equipment for a senior modern physics laboratory and a new interdisciplinary laboratory for chemistry and physics, emphasizing a modern instrumentation and computer techniques.

Serving as co-director of the project will be Arthur Braundmeier, associate professor of physics at SIUE.

Purpose of the ISEP grant, Baldwin explained, is "to improve the quality of undergraduate science instruction by providing funds for special equipment not normally included in regular departmental operating budgets."

Doolin visits Tinian Island

Navy Fireman Patrick M. Doolin, the son of Mr. and Mrs. Herbert P. Doolin, 2118 Lee Ave., visited Tinian, an island in the Marianas Chain, while embarked aboard the landing ship USS Monticello in the Pacific.

While there, he participated in civic action projects including the clearing and enlarging of a beach, and the improvement of several roads. Doolin also helped paint buildings and perform various other tasks to improve living conditions on the island.

East-West Gateway Council and Bi-State Agency should take no action on their memorandum of cooperation until its impact is fully determined.

St. Louis County Supervisor Lawrence K. Roos, retiring from that post and as East-West Gateway Coordinating Council president, is expected to be a potential Bi-State Development Agency chairman, said in Belleville March 27 that there is a need for more trust and cooperation between Illinois and Missouri. That trust is being severely tested by later events.

Addressing 80 Illinois governmental, business and planning officials at the March quarterly meeting of the Southwest Illinois Metropolitan and Regional Planning Commission, Roos urged a quick decision on the Illinois-Missouri airport issue, encouraged a regional approach to port development, and said he favored creating an agency like the proposed St. Louis Area Council of Governments.

Then and in a subsequent talk to Madison and Granite City Rotarians, Roos sought to win friends by saying that a Columbia, Waterloo, Ill., site is the best if a new airport is needed. It will be recalled that a few years ago in Belleville he voiced "1,000 per cent support" for a future Illinois airport (the same degree of backing Presidential Candidate McGovern voiced in 1972 before casting Vice Presidential Nominee Eagleton).

Roos had abandoned his 1,000 per cent position in the past several years to urge expansion of Lambert Field or construction of a new Missouri airport. He continues some advocacy of Lambert to this day, but says he will favor no more of the endless series of studies and re-studies after the current six-month federal study.

Regarding the proposed St. Louis Area Council of Governments, which seems doomed in both the Missouri and Illinois state legislatures, Roos has since come out strongly for principal reliance on the formerly-opposed Bi-State Development Agency. He favors expanding its governmental operating role through a joint "memorandum of cooperative understanding" with the Gateway Council, this region's planning and coordinating agency.

Apparently somewhat related to all of this are such factors as Roos' close ties to Missouri Gov. Bond; the governor's power to appoint the five Missouri commissioners on the 10-member Bi-State board; and Gov. Bond's designation of John G. Bradley, current Bi-State chairman, as director of the new Missouri Department of Transportation.

Also, the June selection of

Roos's executive assistant, Robert J. Baer, as new executive director of the Bi-State Agency; the close link between the Transportation Department and such transportation modes as air and water; and Bi-State's inherent general powers to construct, operate and maintain airports, bridges, wharves, docks, harbors, warehouses, grain elevators, commodity and other storage facilities, passenger transportation facilities and air, water and motor terminals.

Without going into the merit or lack of merit of regional governmental concepts, the haste with which the memorandum is being pushed through Bi-State and Gateway makes one wonder if it has much broader port and airport implications than the public realizes.

St. Charles County, Mo., officials, for example, question whether Bi-State as a regional port entity would swallow whole all present and proposed port districts. They say the memorandum being urged for final Gateway action July 31 is little understood and makes distortions of fact, including the way the memorandum describes Phase I recommendations of the 1974 St. Louis Metropolitan Port Study.

Supervisor Roos asked Illinoisans this spring "to give Missouri another chance to prove it can be an equal partner. The real key to the future prosperity of any of us depends on whether we as a total metropolitan area can effectively come to grips with those problems that are regional in nature."

This is the same Mr. Roos who on July 17 bitterly assailed any delay in enactment of the memorandum. He termed questions about errors, definition and scope as mere "internal bickering."

The issue raised in St. Charles and also growing in the minds of Illinoisans is "what precisely is going on?" Does the memorandum involve an effort to gain direct control of all ports in this area, and also to redefine airport control before the present six-month Lambert study is completed?

If there is to be the "trust" that the supervisor pleaded for, if Mr. Roos is to be given "another chance," it would appear essential that there be a full airing of what is afoot well before any more cooperative transactions are considered by Bi-State, Gateway or other agencies. His mid-summer effort to stampede action on matters that are not adequately explained must be abandoned.

State, federal action needed to improve the handling and knowledge of dangerous cargoes being shipped by rail through densely populated areas

The Press-Record on July 18 presented an article on the Illinois Environmental Protection Agency, outlining among other points the hazards associated with exotic cargoes in freight trains routed through or near residential and business districts.

On July 19, just such a disaster occurred in Decatur. Exploding rail cars created an inferno that claimed four lives and injured more than 130 persons. Authorities could not immediately determine what type of chemical had exploded and what other substances were in nearby cars. More than 500 buildings were damaged and losses may exceed \$14 million.

As has been feared by those situated along railroad lines, the holocaust spread from the point of origin, a leaking propane tank car, to other rail cars and to other facilities. The blast and fire damaged 460 railroad cars, destroying about 200 of them.

It will be recalled that propylene ignited on Jan. 22, 1972, in an East St. Louis rail yard, causing damage to all parts of that area. About 2,500 homes were affected, 500 of them in a major way. Damage settlements totaled several million dollars.

Both Gov. Dan Walker and Attorney General William J. Scott spoke out during the past weekend on their proposals to deal with the shipment of toxic and explosive materials.

They said that if the state had advance knowledge of what was being shipped, and of antidotes and emergency procedures, it could alert police and hospitals quickly after an accident regarding what they were dealing with.

Some kind of state action of this type seems advisable and federal attention also is justified, since many railroad shipments are interstate in nature. And there are 15,000 chemical tank cars currently in use.

Only whisky prescribed for medicinal purposes may be deducted from our income tax. Does that mean anything served by a bartender named Doc?

Remember when a meat-and-potatoes man was one who settled for the inexpensive things of life?

The quickest way for a mother to get her children's attention is to sit down and look comfortable.

Impeachment charges—misuse of agencies, fraud, deception

Text of proposed articles of impeachment presented to the House Judiciary Committee by the staff under the direction of Special Counsel John M. Dear.

RESOLVED, that the House of Representatives does impeach Richard M. Nixon, for high crimes and misdemeanors in the conduct of his office, as set forth in the following articles, in violation of the sacred obligation of his constitutional oath, faithfully to execute the office of the President of the United States, and to the best of his ability, preserve, protect and defend the Constitution of the United States.

And in violation of his constitutional duty to take care that the laws be faithfully executed.

All in the manner marked by concealment and public deception, contrary to his trust as President, unmindful of the solemn duties of his high office, and the manifest injury to the confidence of the nation and the great prejudice of the cause of law and justice, and subversive of the constitutional government.

On May 27 and June 17, 1972, agents of the Committee to Re-elect the President, on behalf of Richard M. Nixon, and solely in his interest in preserving political power, at the direction of his political agents, including H. R. Haldeman, chief of staff to the President, John Mitchell, and Magruder, illegally committed burglary at the Watergate headquarters of the Democratic National Committee.

This act was pursuant to authorization from the President's personal agents, at the White House, including H. R. Haldeman, chief of staff to the President, and Magruder, an agent of the White House previously assigned to the Committee to Re-elect the President, for the purpose of conducting such unlawful burglary activities, and to the White House employed by it for such purposes.

Beginning almost immediately after the burglary, and continuing up to the present time, Richard M. Nixon, using the powers of his office as President, acting directly and personally and through his personal agents at the seat of government and their immediate subordinates, has made it his policy to cover up and conceal responsibility for the burglary, the identity of other participants, and the existence and scope of related

unlawful covert activities. The means of implementing this policy have included the subornation of perjury, the purchase of silence of those directly participating in the burglary.

The obstruction of justice, the destruction of evidence, improper and unlawful interference with the conduct of lawful investigation by the Department of Justice, including the Federal Bureau of Investigation and the Office of the Special Prosecutor.

Improper and unlawful misuse of other agencies of the Executive Branch, including the CIA, and the release of deliberately false and misleading statements from the White House and by the President.

For this Richard M. Nixon is personally and directly responsible.

For his part in it he has been found by a duly constituted grand jury in the District of Columbia to have participated in a criminal conspiracy to obstruct justice, but not indicted solely by reason of his office as President, leaving the pursuit of justice to be recovered but through the constitutional powers of impeachment and removal from office granted to the Congress, as set forth in Article I, Sections 2 and 3; Article II, Sections 2 and 4; Article III, Section 2.

On Sept. 8, 1971, agents of the White House, on behalf of Richard M. Nixon and solely in the interest of obtaining information to be used by him and his agents in public defamation of Daniel Ellsberg, unlawfully committed burglary at the office of Dr. Lewis Fielding, Ellsberg's psychiatrist in Los Angeles, Calif.

The agents who committed this crime were part of a special unit established in the White House at the direction of Richard M. Nixon to engage in such unlawful covert activities. Were supervised directly by John Ehrlichman, assistant to the President, and financed in part by the unlawful campaign of funds raised for campaign purposes and concealed from the public by the President by Special Counsel to the President Charles Colson.

The burglary was part of a pattern of behavior consisting of persistent abuse of power for political purposes involving unlawful and unconstitutional practices, and the privacy of individual citizens of the United States.

DOWN THE DRAIN

The pattern has included the use and attempted use of the CIA and the Secret Service, as well as White House agents, for investigative intelligence work not authorized by law.

Unlawful FBI electronic surveillance of White House staff, newspaper reporters and private citizens in the political interests of the President.

Deliberate concealment of records of the FBI, corrupt use of the IRS to obtain information for political purposes.

Improper effort by the President to use the Justice Department in the criminal proceedings against Ellsberg. And the release of misleading information by the President in efforts to conceal and distort the true nature of these actions. The pattern of conduct has been at the direction of Richard M. Nixon and on his behalf, acting both personally and directly and through his personal agents at the seat of government and their immediate subordinates.

In its investigation of the matter set forth in Article I and II of this resolution, the Judiciary Committee of the House of Representatives has issued subpoenas to Richard M. Nixon for materials pertinent to its Watergate inquiry. The subpoenas, in concept of Congress and of the cause of constitutional government,

leaving the process with no recourse but through the exercise of the constitutional powers of impeachment and removal from office that are granted to the Congress.

In his tax returns for the taxable years 1969 through 1972, Richard M. Nixon claimed deductions of approximately \$500,000 based on the claimed value of his vice presidential papers to the United States.

These claims constituted a fraud upon the United States because they were based on a deed prepared in March 1970 but backdated to March 1969 in order to appear to be effected prior to the date set by statute, July 1969, for disallowing such deductions for the future.

The investigation of this fraud by the Internal Revenue Service and the staff of the Joint Committee on Internal Revenue Taxation remained incomplete and inconclusive, and a normal use of criminal process was rendered ineffective, solely by reason of the fact that Richard M. Nixon was President of the United States.

And that impeachment proceedings against him had been instituted, thus leaving the fair enforcement of the tax laws no recourse but through the exercise of the constitutional powers of impeachment and removal from office that are granted to the Congress of the United States.

Winter Wonderland

Illinois hopes for natura gas floor of Gulf of Mexico 125 miles offshore

By BILL WINTER

Petroleum products have captured most of the attention during the 1973-74, but natural gas also is in short supply, as the Q-14-Cityans are aware. Wailing lists have developed for uses of gas here and in other areas of Illinois and the Midwest.

Underground storage has helped reduce the peaks and valleys as usage fluctuates over the course of each year, but the real need is for additional quantities of natural gas to be pumped here from the South.

No overnight solutions are expected, but specific steps are being taken to increase the volume of gas available in Illinois.

An example is a current joint venture to build a natural gas pipeline system in the Gulf of Mexico off the western coast of Louisiana.

Participating are the Natural Gas Pipeline Co. of America (NGPL), a subsidiary of People's Gas Co., Chicago; and Trunkline Gas Co., a subsidiary of Panhandle Eastern Pipe Line Co. of Houston.

Natural gas from the ocean floor is that is exactly what the two companies have in mind, and the process already has been proved feasible.

For those unfamiliar with the firms that are taking part, NGPL is the transmission subsidiary of People's Gas. It provides gas to 49 distribution companies and municipalities in nine Midwestern states.

Trunkline and Panhandle serve 150 investor-owned and municipal gas systems in 12 states, with major markets in Missouri, Illinois, Indiana, Michigan and Ohio.

The joint venture is called Stingray.

An extension of a 49-mile pipeline built by NGPL in 1971, Stingray ultimately will be one of the largest systems ever constructed in the Gulf in several years.

The project will attach new gas reserves, estimated to be about three trillion cubic feet, from 17 offshore blocks in the West and East Cameron and Vermilion areas, including their South Additions.

NGPL has 1.3 trillion cubic feet of natural gas dedicated to its United Gas Pipeline Co. for transport by Stingray as the result of a transportation agreement.

In addition, Natural and Trunkline already have installed a 15,000-horsepower compressor blocks within reach of the new system.

Phase I consists of the 1974 and 1975 outlayings. This year, the construction will consist of 231 miles of pipeline of up to 36-inch diameter, including the compressor at an on-shore station; and a service platform in West Cameron, South Additions.

Next year, 24 miles of pipeline will be installed and a 13,000-horsepower compressor will be placed on an off-shore platform. Phase II, planned for 1976, calls for a compressor of 6,800 horsepower to be added on the off-shore platform.

The Stingray system will have design delivery capacities of 660 million cubic feet of gas daily in 1974; 850 million in 1975; and one billion cubic feet of gas daily in 1976.

Total cost is estimated at \$155 million, with \$121 million of that amount expended during 1974, \$30 million in 1975 and \$4 million in 1976.

How is it possible to keep the pipeline lying docilely at the bottom of the Gulf of Mexico? All the pipe is primed, coated, wrapped, coated with concrete, radiographically inspected for voids, and then hydrostatically tested prior to being put into service. The wall of the pipe is 0.46 to 0.68 of an inch thick.

Diameter will be 12 1/2 inches for 37.6 miles, 16 inches for 24.6 miles, 18 for 22.7 miles, 20 for 16 miles, 22 for 30.4 miles, 30 inches for 25.9 miles and 36 inches for 72.9 miles.

A 40-foot section of 36-inch pipe, wrapped in concrete and weighing 35,870 pounds, compared to its uncoated weight of 7,960 pounds. The concrete coating serves to counteract the buoyancy of the pipe.

The compressor platform on the shore, West of Cameron, La., will have five 3,400-horsepower

turbine-drive centrifugal compressor units.

The three-deck pipeline service platform is to be constructed in 160 feet of water, well over 100 miles from the coast.

Next year, it will be modified to include 13,000-horsepower compressor, with another 6,800-horsepower added in 1976.

Contract for construction of the Stingray system is held by Brown & Root, Inc., and J. Ray McDermott & Co., Inc.

As is apparent, the task is substantial, and the bulk of it is much easier said than accomplished.

Construction this summer will utilize more than half of the Gulf of Mexico offshore pipelaying equipment of the two largest offshore pipeline builders in the world.

Brown & Root will use three of its five lay barges and two of its three pipe-bury barges, while McDermott has committed two of its four lay barges and both of its bury barges to the project.

Forty divers will walk the entire pipeline as it is laid. Beyond water depths of 200 feet, this work will be done by midgeut submarines.

A total of 83,000 tons of steel will be used in the pipe for Stingray—more than the total tonnage displacement for a nuclear aircraft carrier.

A million pounds of 99.9 per cent pure zinc will be used in bracelets to be placed around the pipe at 1,000-foot intervals for cathodic protection against corrosion.

More than 160,000 tons of concrete—enough to build 10 miles of four-lane interstate highway—will be used to coat Stingray's tie pipe.

To the Editor: An incident that happened two blocks from my home this month brought to mind the May Day streaker.

A newby slabbled a woman and then was released to the custody of his parents. I've seen him out riding on his bike, free as the breeze.

The Granite City School Board punished the streaker. I feel it was a little harsh, but I'll agree with anyone that he should have been punished.

Stingray will extend to a producing platform in Block 639 of the South Addition of the West Cameron area, about 125 miles from the Louisiana shoreline.

This platform will be the most distant in the Gulf to be served by a pipeline.

The 22 1/2 mile, 18-inch gathering line which will connect Block 639 will be laid in water as deep as 365 feet.

Help for Midwestern natural gas requirements, it would appear, is on the way.

"WHEN'S YOUR HAPPY HOUR?"

Young law violators often unpunished

Board punished the streaker. I feel it was a little harsh, but I'll agree with anyone that he should have been punished.

I doubt very much if we, the parents, ever hear what punishment is dealt to our young stabber.

Probably for a very good reason, we will hear nothing—nothing will be done.

A pat on the head and being told to go home is all a young boy will accomplish exactly nothing.

I have written several times to the Press-Record and always signed my name. Since I have two small children, I feel this time it would be best if my name is not published.

WOMAN READER

Fall-winter brides-to-be view fashion trends

RELUCTANT FLOWER GIRL. Dawn Muskin, receives backstage encouragement from Mrs. Joanna Spencer, Welcome Wagon hostess, right, when the 4-year-old youngster balks at walking along the runway at the last moment. The bride is Mrs. Mary Deatridge Harmon, who was married in May. Welcome Wagon sponsors display their services and products at the semi-annual event, including Marilyn's House of Fashion which presented the style show.

WEDDINGS AFFECT all family members. Here Mrs. Vera Mikolaszuk, left, her daughter, Debbie, a bride-to-be, and Mrs. Marie Valrab, the bride-elect's grandmother, all show keen interest in the traditional style bridal gown worn by Miss Ingrid Knapczyk. The "Engaged Girls" party hosted by Welcome Wagon International was staged at the Nameoki Recreation Center for fall and winter brides-elect, their mothers and attendants.

FALL-WINTER BRIDESMAIDS will appear in classic style gowns, featuring slender lines or softly draped silhouettes. Miss Sheila Baugh models a hot pink frock of polyester double knit. At her immediate right are Mrs. Paul Niebur and daughter, Diane, a bride-elect.

RICH VIBRANT COLORS were shown for fall and winter bridal parties at the "Engaged Girls" style show and party. Miss Mindy Henson, right, wears a deep hunter green gown with fluid lines and a ripple brim picture hat. Interested viewers are Miss Diane Tanksley, left, a bride-to-be, and her mother, Mrs. Margie Reinhardt.

WEDDING BELLS RING FOR Debbie and Lennie.

Ways to discourage intruders

By CATHERINE R. MAUCK
Madison County Extension
Advisor-Home Economics

Obviously there is no absolute way to prevent burglaries, but Quad-Cityans can create an environment in which burglaries are less likely to occur.

Try this daily routine to discourage burglars:

1. Maintain an adequate system of door locks and alarms.

2. When answering the door, use the peephole or interview grill. Never allow a stranger to

enter before checking his credentials and identity.

3. Do not leave notes on the exterior of your home indicating you will be gone for a short time.

4. Use an all-purpose security light.

5. Never leave credit cards in an unoccupied home.

6. Do not hide keys around the house exterior.

7. If you are a woman living alone, use your initials rather than Mrs., Miss or Ms. on the door, mailbox and in the telephone directory.

8. Place jewelry, negotiable securities and other expensive valuables in a bank-deposit box.

9. Don't make tools available to an intruder. Put ladders and tools such as screwdrivers and crowbars in a locked room, basement or garage.

10. Keep all garage doors locked.

11. Lock all doors and win-

dows on all levels of the house at night or when leaving.

12. If you are leaving home for a few hours, leave the radio and

a light on in the bedroom or upstairs level. Don't give your house a closed down appearance.

Marriage licenses issued

Marriage licenses issued through the office of Miss Eulalia Hotz, Madison County Clerk, Edwardsville, include: Gray, J. Healey and Suzanne L. Graham; Edward L. Baugh and Carol S. Warden; Larry M. Brooks and Linda L. Getz; Raymond J. Hillard and Sarah A. Evans; Timothy P. Wallace and Deborah A. Hall; Jerry W. Wilson and Brenda L. Barton; David L. Spurlock and Theresa A. Gillham; Daniel C. Bowers and Cynthia L. Bradley; Gregory E. Foy and Dianna K. Williams; Gary L. Mielke and Carol A. Lumpkins, all of Granite City.

Daniel G. Fourcault, Granite City and Anita L. Quysle,

Belleville.

Dale R. Chastain, Madison, and Jeniva L. Creek, Granite City.

Frances F. Feigl, Caseyville, and Nancy S. Buggs, Granite City.

Charles M. Mitchell, Granite City, and Suzanne M. Andres, Glen Carbon.

Quintin D. Porter and Oralee N. Ingram, both of Madison.

Warren J. Goble, Granite City, and Jennifer Lewis Shelly, Edwardsville.

Daniel T. McKinney, Venice, and Iva Marie Rodeck, Granite City.

Vernon Fulcher, Glen Carbon, and Mabel C. Ryan, Granite City.

GOING-AWAY OUTFIT for the young bride is modeled by Miss Camille Bischof, whose patterned pants suit in deep rich colors is lightweight and flexible.

RETURN TO IOWA

Mr. and Mrs. Leo (Hazel) Devilbiss and children, Ricky and Joy Ann, of Perry, Iowa, have returned home after spending a two-week holiday here as house guests of the Mrs. Devilbiss' parents, Mr. and Mrs. Ernest Brown, 2546 Hemlock Ave.

Goodrich guaranteed retreads

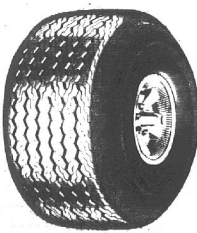

\$12

B.F. Goodrich conventional passenger retreads are built on sound, factory inspected tire bodies. They'll give a smooth, comfortable ride and good mileage.

Beyond Guarantee Any passenger retread tire when used in a motor passenger car service is guaranteed throughout the life of the original tread to equal failure due to defective workmanship and materials and against failure caused by road hazards, which in our opinion render the tire unserviceable.

This guarantee does not apply to retreads with repairable punctures, torn regularly worn tires damaged by running flat, fire, misuse, collisions, shock, or to distributions on non-servicable tires. It does not apply to tires when used on non-servicable vehicles or for purposes other than those for which they were originally intended.

Any qualified retread which has been in satisfactory condition and is presented to a B.F. Goodrich authorized dealer for replacement by its owner shall be replaced properly and in the same manner as a new tire, according to the applicable laws and regulations of the state in which the tire is used.

STOP ROOFING PROBLEMS NOW!

PLASITEX ROOFING

REPAIRS
Colored Elastomeric Plastex fills small cracks and nail holes; adheres tightly to the roof - bonds roofing granules; has down slugs and, or the same time, gives a beautiful new look.

INSULATES
The Plastex coating forms a reflective Elastomeric shield over the entire roof. The coating reflects the harmful effects of smoke, fumes, salt air, sunlight and general weathering. Retarded roofs gain additional years of life with less maintenance.

PRESERVES
Moisture doesn't get through as there's no deterioration of the roofing material. The coating resists the harmful effects of smoke, fumes, salt air, sunlight and general weathering. Retarded roofs gain additional years of life with less maintenance.

SAVES
One coat of Colored Plastex Elastomeric can save the owner many dollars. It can also eliminate the cost of repair and replacement of building materials, yet extend the useful life of all types of structures.

DECORATES
Attractive colorful Plastex finish gives uniform appearance to old, patched surfaces... and adds beauty and new life to dull, weathered roofs.

Public Notice 34
ORDINANCE NO. 3092
AN ORDINANCE
DESIGNATING A
STOP INTERSECTION
SECTION 1: That the inter-
section of State Street and
28th Street is hereby designated
as a stop intersection for traffic
on State Street pursuant to the
provisions of Section 19.203 of
Article 2, of Chapter 19, of the
Municipal Code of the City of
Granite City, and it shall
hereafter be unlawful to drive
any easterly bound vehicle on
State Street into 28th Street
without first bringing the
vehicle to a full stop in com-
pliance with the provisions of
said Section 19.203.
SECTION 2: The Superinten-
dent of Streets is hereby
authorized and directed to erect
a suitable traffic control sign on
the Southeast corner and North-
west corner of said intersection
of State Street and 28th Street in
conformity herewith.
SECTION 3: That it is hereby
declared unlawful for any
person, firm or corporation or
servant, or agent or employee
thereof, to drive or operate any
vehicle over and across the
point specified without first
bringing said vehicle to a
complete stop and from
proceeding until said place is
free and clear of all pedestrian
traffic or other vehicular
traffic.
SECTION 4: Any person, firm
or corporation or servant or
agent or employee thereof, who
shall violate any of the terms or
provisions of this Ordinance
shall, upon conviction, be fined
not less than Ten Dollars
(\$10.00) nor more than Twenty-
five Dollars (\$25.00) for said
violation.
SECTION 5: This Ordinance
shall take effect and be in full
force and effect from and after
its passage, approval and due
publication.
PASSED by the City Council
of the City of Granite City,
Illinois this 1st day of July,
A.D. 1974.
APPROVED by the Mayor of
the City of Granite City, Illinois,
this 10th day of July, A.D. 1974.

UNKNOWN OWNERS and NON
RECORD CLAIMANTS, and
Defendants in an action now
pending in the Circuit Court for
the Third Judicial Circuit,
Madison County, Illinois, the
said Plaintiff, GERMANIA
FEDERAL SAVINGS AND
LOAN ASSOCIATION, a cor-
poration, more particularly
described as follows:
A tract of land in the South-
west corner of Lot 8 of
Harrison's Subdivision, as
same appears in Plat Book 27
on Page 9 of Madison County
Records; thence North 52
degrees 09 minutes East,
along the northeastern ex-
tension of the southeasterly
line of said Lot 8, a distance of
85 feet; thence South 37
degrees 51 minutes East a
distance of 45 feet to the
North right-of-way line of
Hessell Drive (50
feet wide); thence South 52
degrees 09 minutes West,
along said North right-of-way
line a distance of 205 feet to
the point of beginning of
Parcel E, thence South 52
degrees 09 minutes West,
along said North right-of-way
line, a distance of 175 feet to
a point of curvature; thence
continuing along said North
right-of-way, around a curve
to the right having a radius of
287 feet, an arc distance of
178.07 feet to a point of
tangency; thence South 87
degrees 42 minutes West,
along said North right-of-way
line, a distance of 55 feet to
a point of curvature; thence
around a curve to the right
having a radius of 20.0 feet, an
arc distance of 31.41 feet to its
point of tangency with the
East right-of-way line of
Parcel E, thence North 11
degrees 11 minutes East, along
said South line of said
Southeast Quarter, a distance
of 760 feet; thence North 37
degrees 51 minutes West to the
North right-of-way line of
the proposed Hessell Drive as
established and staked by
Corlew and Associates, Inc.
June 8, 1973 to the point of
beginning.
